AP Psychology

Course Title: AP Psychology

Course Description:
AP Psychology is a year-long course designed to provide students with learning experiences equivalent to that of a college-level psychology course and to prepare students for the AP Psychology exam. This course is designed to offer students an in-depth exploration of human thought processes and behaviors.

Skills:
- Reading
- Writing
- Critical Thinking
- Current Research
- Interdisciplinary Connections
- Personal Experiences and Identity

Units of Study:
1. Scientific Foundations of Psychology
2. Biological Bases of Behavior
3. Sensation and Perception
4. Learning
5. Cognitive Psychology
6. Developmental Psychology
7. Motivation, Emotion, and Stress
8. Personality
9. Social Psychology
10. AP Exam Review

Grading:
All 20% Grade Percentile
4.00-3.39 = A
3.25-3.11 = B
2.50-1.70 = C
0.75-1.00 = D

Expectations:
- Be prepared: focused and ready to learn something new in every class. We won’t pussyfoot around.
- Engage: participate in class, ask questions, ask for help, and keep it positive and friendly.
- Take assignments seriously: Class time is too precious to be wasted with Ms. Wolfe doing menial class management.
- Be respectful: treat others like you’d want to be treated.
- Be responsible: turn in work on time.

Classroom Philosophy:
Psychology is an academic discipline that provides students with an in-depth understanding of the behavior and mental processes of individuals. The course is designed to foster a deeper appreciation for the complexities of human behavior, thought, and emotion. Students will be encouraged to think critically and to develop a comprehensive understanding of psychological concepts and theories.
