Students who are successful in getting to class on time do the following things:

* They walk while they talk to classes. It’s a great way to increase blood flow to the brain, and they get there on time.

* They avoid the main staircase. This building has more than 7 staircases for you to choose for your route to and from classes.

* They take pride in getting to class on time and are accountable to themselves, parents, and their teachers.

Be accountable - get to class on time by living by these tips as a Bulldog!
