Dear Student and Parent(s)/Guardians,

High school is an exciting time to develop your strengths and acquire new knowledge, skills, perspectives and friendships. At Burke High School, our staff, students and curricular offerings strive to support student growth in all those areas. Burke offers a variety of course offerings and outstanding programs. Students are also encouraged to participate in one or more of our numerous athletic teams, clubs and activities.

Academically, Burke offers 33 Advanced Placement® (AP) courses and numerous Dual Enrollment (DE) credit classes and we are the first Nebraska high school to offer the College Board’s AP Capstone Program®. College credit is available in AP/DE courses and may help offset the cost of college attendance. Career and technical education programs and academies that lead directly to career fields are also offered.

One of the many strengths of Burke High School is our diverse student population. Learning, performing, interacting, and competing with students from various backgrounds and perspectives is an added value to the high school experience. Ultimately, it helps to prepare students to live, learn, work, and achieve in a diverse society.

This Course Guide provides information to help students and parents make important course decisions. High school students may not always see the opportunities that result from taking the most challenging coursework they can handle. Therefore, we encourage students to discuss their goals and choices with parents, teachers, and school counselors. Experience has shown that greater benefits come to those who plan thoughtfully and participate fully. Please contact us if we can help you with these important decisions.

Sincerely,

Darren Rasmussen, Principal
OMAHA PUBLIC SCHOOLS MISSION STATEMENT

Omaha Public Schools prepares all students to excel in college, career and life.

BURKE HIGH SCHOOL MISSION STATEMENT

Burke High School is dedicated to providing an exemplary education through the collaborative efforts of students, parents, staff and community.

WE BELIEVE:

* In the worth and dignity of each individual.
* In the ability of all students to learn.
* In the development of skills that enable students to function effectively in a global and technological society.
* In the development of processes for life-long learning and responsible citizenship.

In providing a safe environment that nurtures, challenges, and enables individuals to achieve their full potential.

Omaha Public Schools does not discriminate on the basis of race, color, national origin, religion, sex (including pregnancy), marital status, sexual orientation, disability, age, genetic information, gender identity, gender expression, citizenship status, veteran status, political affiliation or economic status in its programs, activities and employment and provides equal access to the Boy Scouts and other designated youth groups. The following individual has been designated to accept allegations regarding non-discrimination policies: Superintendent of Schools, 3215 Cuming Street, Omaha, NE 68131 (402-557-2001). The following persons have been designated to handle inquiries regarding the non-discrimination policies: Director for the Office of Equity and Diversity, 3215 Cuming St, Omaha, NE 68131 (402-557-2790).

Las Escuelas Públicas de Omaha no discrimina por motivos de raza, color, origen nacionalidad, religión, sexo (incluyendo el embarazo), estado civil, orientación sexual, discapacidad, edad, información genética, identidad de género, expresión de género, estatus de ciudadanía, condición de veterano, afiliación política o condición económica en sus programas, actividades y empleo y se proporciona un acceso equitativo a los niños exploradores (boy Scouts) y otros grupos juveniles. La siguiente persona ha sido designada para aceptar las alegaciones en relación con las políticas de no discriminación: el Superintendente de Escuelas, 3215 Cuming Street, Omaha, NE 68131 (402-557-2001). Las siguientes personas han sido designadas para manejar las preguntas con respecto a las políticas de no discriminación: Director de la Oficina de Equidad y Diversidad, 3215 Cuming St, Omaha, NE 68131 (402-557-2790).

GENERAL REGISTRATION INFORMATION

Burke High School is a comprehensive high school with many educational programs. No single pattern of subject choices is best for all students. The student’s abilities, interests, and educational/career goals are important factors when determining subject choices.

Students, discuss your class choices for next year with parents, teachers, and a school counselor. A school counselor will help you with questions that concern your abilities, achievements, interests, and career possibilities.

Each spring, counselors register students for the upcoming fall. Therefore, course selections must be made carefully. Course selections are the basis for planning offerings, teacher assignments, and difficult budgetary decisions. The deadline to change your registration course requests is April 23, 2021.

1. **Course Request Changes** - Students have the first week (5 school days) of a semester to add a class in place of a study hall. Schedules will NOT be rearranged to accommodate Class Release requests. Sometimes courses conflict with other course selections. If this happens, a difficult decision may have to be made by the student and his/ her parent/guardian concerning the classes the student wished to take.

2. **Normal Class Load** - The average class load recommendation is seven or eight credits per semester; the maximum is nine. Seniors have the option of requesting six credits each semester. With a parent signature, seniors may take only five credits. NOTE: Colleges and employers are looking for rigor and may have reservations about the part-time course load. The graduation requirements prescribe a minimum of 49 credits. It is very important that you register for the correct number of courses each semester. Balance your classes over four years.

3. **Electives** - Elective courses are opportunities to add depth/breadth to a student’s Career Cluster Choice and expand existing career interests.

4. **College Preparatory Courses** - Students who plan to attend college should select the highest academic course commensurate with their ability. Over the four years, college-bound students should register for a minimum of four semesters of world language, six semesters of science, seven semesters of social studies, and eight semesters of English and math. Refer to University of Nebraska System Admissions Standards (p.12) as a guideline.

5. **Career Center** - Sophomores, juniors, and seniors have the opportunity to take classes at the Career Center. The Career Center, as an off-campus extension of the home high school, provides opportunities for students from all Omaha Public High Schools to study electives that are not available elsewhere. Students receive transportation from their home school to the Career Center for all programs except for Zoo Partnership and UNMC High School Alliance. The Career Center Schools is located at 3230 Burt Street, in the west wing of the Teacher Administrative Center. Please refer to the Career Center Course Guide for class offerings. Students must complete an application to be considered for these courses.

6. **Honors/AP Courses** - Courses are provided for motivated students who are interested in pursuing challenging coursework. Student placement into the Honors and Advanced Placement course indicates the student’s willingness for the challenge and commitment for the duration of the course. Parent/Guardian permission required. Honors/AP courses are weighted one additional grade point for GPA Calculation.

7. **Course Placement Appeal** - If a student/parent wishes to appeal a course placement decision, the student’s assigned counselor should be contacted. (See page 101).
8. Class Release- Late start/class release is provided for students who want to come to the Burke campus after the school day starts or leave the campus prior to the end of the school day. Burke High School’s policy on late start/class release provides that a student is on grade level for graduation (starting the sophomore year with fourteen (14) earned credits or junior year with twenty-eight (28)) and must take a minimum of five (5) credits each semester for seniors & six (6) credits each semester for juniors.

Students must have their own transportation. Students who ride the bus to school cannot leave campus and return for late start. Students who ride the bus home from school cannot leave campus early and then return to school for the 3:05 p.m. bus. Students with Class Release must leave school grounds 5 minute after their last scheduled class.

A student may be granted permission for late start/class release after completing the application. The school program takes precedence over release periods from school. Schedules will not be rearranged to accommodate late start or class release. Late start/class release is not guaranteed to be on a student’s schedule if requested and approved.

9. Course Audit- Qualifying students may take a class without the benefit of a grade or credit. (See pages 99-100).

10. Dual Enrollment Opportunities- Courses marked with a +plus sign may be eligible for Dual Enrollment with Omaha area colleges. Dual Enrollment status is dependent on the instructor’s credentials with the partner institution. Therefore, all Dual Enrollment courses are subject to change from year to year.

11. Credit Recovery Guidelines – The purpose of credit recovery is to provide opportunities for students to earn credits to meet graduation requirements for courses they have failed. Credit Recovery involves the student retaking the failed course(s) and focusing on the course content standards to demonstrate proficiency on district assessments. The focus is on the proficiency related to course content standards, not seat time.

- Credit Recovery may be delivered in various methods and during a variety of times (e.g., Summer School, Edmentum time).
- Credit Recovery may be delivered in a traditional classroom or through a blended learning experience (in class with an endorsed teacher using online learning modules).
- Teachers who provide credit recovery through online virtual or blended learning must be certified educators endorsed for the course they are teaching.
- Although students may complete online courses before the end of the term, final grades will need to be posted during the standard grading windows.
- The student should follow the appropriate course sequencing.
- Students should not be enrolled in consecutive courses simultaneously (English 1 & English 2). Any exception to the three-course limit must be identified in an individual learning plan, in an alternative program, and approved by the Chief Academic Officer for Curriculum Instruction and Support.
- Students should be enrolled in no more than three online courses at a time.
- Timely teacher content and feedback is essential for student learning.

Students who earn a grade of F in a required course must earn credit through any of the following approved retake options (I, II, III, IV, V, and VI). Every OPS high school, including Burke High School, will offer, dependent upon enrollment, options I, III, IV and V. In addition, high schools may also offer options II and VI pending enrollment.

I. Retake the same course in night school or summer school.
II. Retake the same course the following semester or school year, when available. (D or F option)
III. Retake the same course in a before or after-hours program.
IV. Retake the same course during the school day with same content
standards/curriculum but taught using a different instructional delivery (i.e., sheltered courses), when available.

V. Retake an approved elective course that meets OPS graduation requirements and matches the curriculum area of the required course.

VI. Retake a course that focuses on the content standards that were failed by the student in the previous course. (This course will be offered either in summer school or as a semester class during the school year.)

12. Withdrawal from a Course/Schedule Changes/Request to Drop a Course - Students register in the spring for the following year. A student will have two opportunities to select courses:

1. At the time of registration.
2. Following the original registration when the student receives a copy of courses selected.

Course registration changes for the following year will be made only:

1. If the course was completed during summer school.
2. If the student must repeat a course that was failed during the previous school year.
3. If a conflict in the schedule cannot be adjusted without dropping or changing a course.
4. If the student needs an additional course to meet credit requirements.

Dropping a course after the first 15 days of the semester will result in a grade of “F” which is included in grade point average calculations. Requests to drop a course will be initiated to the school counselor by the student or parent/guardian.

Procedures for withdrawing from a course:

1. Conversation with the teacher
2. Counselor conferencing with teacher and student
3. Problem solving with all effected parties

*The first step is to navigate through the schedule change. If it is determined that other faculty need to be included, please use the “Schedule Change/Request to Drop a Course” form. Please see School Counseling for a copy of the OPS Schedule Change/Request to Drop a Course form. Use the “Schedule Change/Request to Drop a Course” form as a last resort.

ATHLETIC PROGRAM

The athletic program at Burke is designed to provide opportunities for male and female athletes who desire competitive activity in sports. In order to participate in interscholastic athletic competition, a student must abide by eligibility rules of the Nebraska School Activities Association and Burke High School and have a current physical examination on file with the school nurse.

FALL sports include girls’ golf, boys’ and girls’ cross country, softball, volleyball, football, and boys’ tennis.

WINTER sports include boys’ and girls’ swimming, boys’ and girls’ basketball and wrestling.

SPRING sports include boys’ and girls’ soccer, boys’ and girl’s track, baseball, girls’ tennis, boys’ golf.

See NCAA Freshman-Eligibility Standards on pages 8 and 9.

More Athletic Information see: https://burke.ops.org/
ONE OPPORTUNITY. LIMITLESS POSSIBILITIES.

If you want to play sports at an NCAA Division I or II school, start by registering for a Certification Account with the NCAA Eligibility Center at eligibilitycenter.org. If you want to play Division III sports or you aren’t sure where you want to compete, start by creating a Profile Page at eligibilitycenter.org.

ACADEMIC REQUIREMENTS
To play sports at a Division I or II school, you must graduate from high school, complete 16 NCAA-approved core courses, earn a minimum GPA and earn an ACT or SAT score that matches your core-course GPA.

CORE COURSES
Only courses that appear on your high school’s list of NCAA core courses will count toward the 16 core-course requirement; visit eligibilitycenter.org/courselist for a full list of your high school’s approved core courses. Complete 16 core courses in the following areas:

DIVISION I
Complete 10 NCAA core courses, including seven in English, math or natural/physical science, before your seventh semester.

<table>
<thead>
<tr>
<th>ENGLISH</th>
<th>MATH (Algebra I or higher)</th>
<th>NATURAL/PHYSICAL SCIENCE (including one year of lab, if offered)</th>
<th>ADDITIONAL (English, math or natural/physical science)</th>
<th>SOCIAL SCIENCE</th>
<th>ADDITIONAL COURSES (Any area listed to the left, foreign language or comparative religion/philosophy)</th>
</tr>
</thead>
<tbody>
<tr>
<td>4 years</td>
<td>3 years</td>
<td>2 years</td>
<td>1 year</td>
<td>2 years</td>

<td>4 years</td>
</tr>
</tbody>
</table>

GRADE-POINT AVERAGE
The NCAA Eligibility Center calculates your grade-point average based only on the grades you earn in NCAA-approved core courses.

- DI requires a minimum 2.3 GPA.
- DIl requires a minimum 2.2 GPA.

SLIDING SCALE
Divisions I and II use sliding scales to match test scores and GPAs to determine eligibility. The sliding scale balances your test score with your GPA. If you have a low test score, you need a higher GPA to be eligible. Find more information about test scores at ncaa.org/test-scores.

TEST SCORES
You may take the SAT or ACT an unlimited number of times before you enroll full time in college. Every time you register for the SAT or ACT, use the NCAA Eligibility Center code 9999 to send your scores directly to us from the testing agency. We accept official scores only from the ACT or SAT, and won’t use scores shown on your high school transcript. If you take either test more than once, the best subscore from different tests are used to give you the best possible score.
HIGH SCHOOL TIMELINE

**9TH GRADE**
- **PLAN**
  - Start planning now! Take the right courses and earn the best grades possible.
  - Find your high school’s list of NCAA-approved core courses at eligibilitycenter.org/courselist.
  - Sign up for a free Profile Page at eligibilitycenter.org for information on NCAA requirements.

**10TH GRADE**
- **REGISTER**
  - If you fall behind academically, ask your counselor for help finding approved courses you can take.
  - Register for a Profile Page or Certification Account with the NCAA Eligibility Center at eligibilitycenter.org.
  - Monitor your Eligibility Center account for next steps.
  - At the end of the year, ask your counselor at each high school or program you attended to upload your official transcript to your NCAA Eligibility Center account.

**11TH GRADE**
- **STUDY**
  - Check with your counselor to make sure you are on track to complete the required number of NCAA-approved courses and graduate on time with your class.
  - Take the ACT or SAT and submit your scores to the NCAA Eligibility Center using code 9999.
  - Ensure your sports participation information is correct in your Eligibility Center account.
  - At the end of the year, ask your counselor at each high school or program you attended to upload your official transcript to your NCAA Eligibility Center account.

**12TH GRADE**
- **GRADUATE**
  - Complete your final NCAA-approved core courses as you prepare for graduation.
  - Take the ACT or SAT again, if necessary, and submit your scores to the NCAA Eligibility Center using code 9999.
  - Request your final amateurism certification beginning April 1 (fall enrollees) or Oct. 1 (winter/spring enrollees) in your NCAA Eligibility Center account at eligibilitycenter.org.
  - After you graduate, ask your counselor to upload your final official transcript with proof of graduation to your NCAA Eligibility Center account.
  - Reminder: Only students on an NCAA Division I or II school’s institutional request list will receive a certification.

** Only 1 year of Creative Writing or Debate can be used towards NCAA Calculations.

** NCAA will accept either Astronomy or H. Astronomy when making NCAA Calculations, but not both.

~ NCAA college-bound athletes need 16 core courses and qualifying ACT scores to be eligible for NCAA (see sliding scale on NCAA Eligibility Center website).
~ A year long class is equal to 1 core course (e.g., English 1-2 = 1 core course), and a semester long class is equal to 0.5 core courses (e.g., Sociology = 0.5 core courses).
~ 16 core courses: 4 years English, 3 years Math (Alg 1 or higher), 2 years Science, 1 year Additional Eng. Math, or Science, 4 years Additional Courses.
~ Student athletes need 10 core courses completed at the end of junior year and at least 7 core courses have to be in the area of English, math, or natural science.

Note: 49 Credits are required to graduate.

**NEBRASKA COLLEGE ENTRANCE REQUIREMENTS:**

Metro Community College and other Nebraska Community Colleges – Proof of graduation from an accredited high school.

Nebraska State College System – Chadron, Peru, Wayne – Proof of graduation from an accredited high school.

University of Nebraska System – UNO, UNL, UNK (in line with NCAA requirements) – See your OPS District Student Handbook

Students and parents/guardians should research the requirements of each institution to ensure that students have selected appropriate courses.

For students attending King Science Technology Magnet who take Biology and Physical Science their sequence could look different at their respective high schools.

** For students who have successfully completed Physical Science in 8th grade, their sequence will begin with Biology.

</tbody>
</table>

How much time should I spend on homework?

You should expect ten minutes (or more) per day times your grade level.

- 3rd grade = 30 minutes
- 6th grade = 1 hour
- 12th grade = 2 hours

*Time may vary depending on classes.*

Can I redo my work for full credit?

- Students may be allowed to redo/revise work until the end of the unit, based on teacher’s professional judgement and evidence. Talk with your teacher.

If I don’t turn in my work on time, what happens?

- Work not turned in at all will be recorded in Infinite Campus (district grade book) as an M for missing which calculates to a score of zero.

Am I allowed to turn in coursework late?

- Late coursework may be accepted for full credit until the end of the unit based on the teacher’s professional judgment and evidence collected throughout the unit.
- Accepted late work will replace M with the score earned by the student.

Are some assignments worth more than others? *Secondary only.*

- When entering grades in the grade book, teachers may assign greater weight to some major summative assignments.
- For example, the final exam may impact a student’s summative grade more than a unit test.
- This information will be communicated to students prior to the day of the assessment.

Campus Mobile Portal for Parents and Students

Parents and students can now access Campus Portal information on Android and iOS devices using the Campus Mobile Portal app.

- Daily Planner
- Assignments
- Attendance
- Food Services

Where to Download the Campus Mobile Portal App

The Campus Mobile Portal can be downloaded through the Apple App Store, Google Play Store or Amazon Appstore.

How to Sign In

In order to connect your device to our district’s Infinite Campus server, you need to enter:

Our District ID: Omaha Public Schools

Continue by entering your username and password you use on the web portal.

If you do not have a username and password, contact your school.

If you forget your username or password go to:

Common Grading Practices

How will mastery be evaluated?

<table>
<thead>
<tr>
<th>Weight for Formative Assessment</th>
<th>Weight for Summative Assessment</th>
</tr>
</thead>
<tbody>
<tr>
<td>35%</td>
<td>65%</td>
</tr>
</tbody>
</table>

**Formative: 35%**

**Summative: 65%**

**STANDARDS** are what you should know and be able to do.

**GRADING** measures how well students master key concepts (or standards).

**What is a rubric?**
It explains what an Advanced, Proficient, or Basic level of mastery is needed for a specific assignment, test, or project.

If I work with a group on a project, do we all get the same grade?

No. Work done in groups will be graded individually. Group grades are never used.

**How do I earn grades on an assessment?**

Teachers assess multiple levels of learning K - 12. Secondary teachers create leveled formative and summative assessments.

**(Advanced, Proficient, Basic)**

**ADVANCED** is when you did all the work and exceed what you’re supposed to do.

⇒ You have performed consistently at a high level of difficulty, complexity, or fluency that is above the expected course content/grade level standard.

**PROFICIENT** is when you did what you are supposed to do.

⇒ You have performed at the level of difficulty, complexity, or fluency that is at the expected course content/grade level standard.

**BASIC** is when you understand the content information and vocabulary.

⇒ You have performed at the level of difficulty on some of the expected course content/grade level standards, but not all.

For questions about the Burke AP Program, please contact the Burke AP/Dual Enrollment Coordinator: Laura.Gaunt@ops.org
AP Capstone: The Rigor of AP, with a Focus on Academic Skills

AP Capstone™ is a new diploma program for college-bound students. It’s a challenging, college-level program that focuses on critical reasoning, research, collaboration, and communication skills. This fall, AP Capstone Diploma candidates will begin considering your institution in their higher education plans.

HERE ARE SIX THINGS TO KNOW ABOUT AP CAPSTONE:

1. Over 1,000 high schools in the U.S. (1,100 globally) are approved to offer AP Capstone.

2. More than 10,000 students in the high school class of 2018 and 35,000 students in the high school class of 2019 will participate in the AP Capstone Diploma program.

3. AP Capstone is based on two sequential college-level courses—AP Seminar and AP Research—that complement and enhance other, discipline-specific AP courses.

4. AP Seminar students analyze different sources of information and create evidence-based arguments, and are assessed on individual and team presentations and papers.

5. AP Research students learn research methods in order to conduct a research project and then present and defend a 5,000-word academic paper.

6. The AP Capstone Diploma is awarded to students who earn scores of 3 or higher on AP Seminar, AP Research, and four additional AP Exams of their own choosing.

Learn more about AP Capstone at collegeboard.org/apcapstonehed.
AP Capstone Courses:

AP SEMINAR 010801/010802
AP Seminar is a foundational course that engages students in cross-curricular conversations that explore the complexities of academic and real-world topics and issues by analyzing divergent perspectives. Using an inquiry framework, students practice reading and analyzing articles, research studies, and foundational, literary, and philosophical texts. Students learn to synthesize information from multiple sources, develop their own perspectives in written essays, and design and deliver oral and visual presentations, both individually and as part of a team. Ultimately, the course aims to equip students with the power to analyze and evaluate information with accuracy and precision in order to craft and communicate evidence-based arguments. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools.

Prerequisites: None
Duration: 1 Year
Credit: 1 credit per semester
Grade Level: 10, 11

AP RESEARCH 010811/010812
AP Research is an interdisciplinary course that encourages students to demonstrate critical thinking and academic research skills on a topic of the student's choosing. To accommodate the wide range of student topics, typical college course equivalents include introductory research or general elective courses. Build on what you learned in AP Seminar to deeply explore an academic topic, problem, or issue of individual interest. Through this exploration, you will design, plan, and conduct a year-long research-based investigation to address a research question. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Successful completion of AP Seminar
Duration: 1 Year
Credit: 1 credit per semester
Grade Level: 11, 12

AP Capstone Diploma™ or the AP Seminar and Research Certificate™.

Students who earn scores of 3 or higher in AP Seminar and AP Research and on four additional AP Exams of their choosing receive the AP Capstone Diploma™.

Students who earn scores of 3 or higher in AP Seminar and AP Research, but not on four additional AP Exams receive the AP Seminar and Research Certificate™.

Advanced Placement (AP) Courses- Students who want a rigorous challenge are encouraged to take Advanced Placement courses. It is not recommended that a student take more than three AP courses per year. Students are expected to take the AP exam in May to have an opportunity to earn college credit and/or advanced standing in college. For specific course descriptions, visit the departmental listings.
Burke Freshmen Academy

The Freshman Academy provides teacher and student teams that establishes a supportive environment to facilitate the transition into high school and assist with future planning.

### AVAILABLE CLASSES

**Freshmen Seminar 181301/181302**
This introductory course is for all freshmen students that will introduce them to the high school experience by discovering school opportunities in career-based and academy programming. Students will build a plan for their high and post-high school experiences and focus on learning strategies for successful transitioning into the high school environment. Students will engage in content in the course exploring the Omaha Public Schools Portrait of a Graduate, benchmarks of a College and Career continuum, and Nebraska’s College and Career Readiness Standards.

**Required Academy Class**

**Required Core Classes**

**English 1-2 or Honors**
US History 1-2, Honors, or AP US History
Physical Science 1-2 or Honors, Biology 1-2 or Honors
Math

**Suggested Elective Classes**

- African American History
- AP Computer Science Principles
- Art
- Astronomy
- Band
- Chinese
- Choir
- Debate/H
- Digital Design/H
- Drama
- Foundations of Computing
- French
- Graphic Design
- Industrial Technology
- Intro to Child Development
- Intro to Digital Media/H
- Intro to Sports Analytics
- IT Team Management
- Journalism
- JROTC
- Orchestra
- Physical Education
- Pottery
- Principles of BMIT/H
- Psychology
- Sociology
- Spanish
- Sports Nutrition
- Stagecraft
- Textile Construction & Design

**Experiences Beyond the Classroom**
Field Experiences with Industry Partners | Guest Instructors | Career Fairs
Leadership Development

**Honors and Advanced Placement Opportunities**

- H English 1-2
- H US History 1-2
- H AP US History 1-2
- H Algebra 1-2
- H Geometry 1-2
- H Algebra 3-4
- H Pre-Cal Trig
- H Physical Science 1-2
- H Biology 1-2
- H JROTC 1-2
- H Info Tech
- H Spanish 5-6
- H Spanish Speakers 3-4
- H Chinese 5-6
- H French 5-6
- H Yearbook 1-2
- H Debate 1-2
- H Journalism 1-2
- H Newspaper 1-2
- H Intro to Dig Media
- H Dig Design
- H Princ of Business
- Marketing & Management
- H Orchestra
- H Concert Band
- H Swing Choir
- H Treble Ensemble
- H Jazz Band

#### SUGGESTED ACADEMY ELECTIVES

- Academy Electives that all pathways could take:
  - Aerospace Engineering 1-4
  - Aircraft Mechanics 1-4
  - Astronomy 1
  - Honors Astronomy 1-2
  - *Aviation Safety 1
  - *History of Aviation
  - *Intro to Aeronautics and Space 1
  - Meteorology 1
  - UAV Drone Pilot 1

- Other recommended electives:
  - Fine and Performing Arts
  - African American History
  - JROTC
  - Omaha History
  - Physics/H, AP Physics 1, 2, C
  - Psychology
  - Sociology
  - World Language

### EXPERIENCES BEYOND THE CLASSROOM

- On-site tours of local aviation businesses
- Internship opportunities
- Professional Mentors
- Hands-on practice
- Flight Experience through EAA Young Eagles
- Construct a plane with Aviation Nation
- Drone Flight Experience Team with UNO and Iowa Western students

### ACADEMY PARTNERS

- UNO Aviation Institute
- JetLinx
- Duncan Aviation
- Iowa Western
- Oracle Aviation
- Advanced Air
- Civil Air Patrol
- Unmanned Safety Institute
- Aviation Nation
The following courses are offered as part of a special program for students interested in careers in Aeronautics and Space. Registration in these courses implies a commitment to a program that may have requirements beyond the classroom.

**ASTRONOMY 060801**

This course is a study of the theories of the origin of the universe and solar system. Topics studied will include objects in the solar system, the life cycle of stars and constellations. Students develop techniques to help them locate and identify objects in the sky through the use of a planetarium.

- **Prerequisite:** None
- **Duration:** 1 semester
- **Credit:** 1 credit
- **Grade Level:** 9

---

**FUNDAMENTALS OF AEROSPACE TECHNOLOGY 1-2 181211/181212**

This project-based learning course engages students who are curious about aviation and aerospace careers. This course will introduce students to an engineering design process, tools to collect and analyze data, the science of aviation, materials and structures, and safety. Students will participate in real-world experiences such as designing, and building small aircraft, kite, straw rocket launcher, moto-powered rocket and a model glider. Recommended for students interested in entering the Burke Air and Space Academy.

- **Prerequisite:** None
- **Duration:** 1 year
- **Credit:** 1 credit per semester
- **Grade Level:** 9, 10, 11, 12

---

**+HONORS INTRODUCTION TO AERONAUTICS & SPACE 181201**

The course engages students in an inquiry-based, problem-solving approach to investigate and to understand the science of aeronautics and aerodynamics. The nature of instruction encourages hands-on participation and activities that will reinforce the lesson outcomes. Additionally, the activities are designed to encourage teamwork and participation among the students. The course also provides a broad understanding of the three types of aviation: commercial, military, and general aviation. Topics include the evolution of the industry, present and future developments, airline and aerospace industries, airport and airspace infrastructure, organizations that regulate and influence the industry, responsibilities of aviation professionals, and career planning. *This course has a Dual Enrollment opportunity in conjunction with the University of Nebraska at Omaha’s Aviation Institute.

- **Prerequisite:** None
- **Duration:** 1 Semester
- **Credit:** 1 credit
- **Grade Level:** 10, 11

---

**+AVIATION SAFETY 035031**

This course provides the student with a detailed introduction to aspects of aviation safety as well as the associated components of flight in regard to human factors, aircraft technology, weather related accidents, and aeronautical accident investigation. The student will develop an understanding of the issues relating to aviation safety including the regulatory framework, aeronautical decision making, safety data analysis, nature of accidents, safety management, human factors, air traffic technology, aircraft technology, the accident investigation process, and apply these to current issues facing the civil, military, and commercial aviation industry. *This course has a Dual Enrollment opportunity in conjunction with the University of Nebraska at Omaha’s Aviation Institute

- **Prerequisites:** Introduction to Aviation and Aerospace, and Instructor/Director Permission.
- **Duration:** 1 Semester
- **Credit:** 1 credit
- **Grade Level:** 11, 12

---

**+THE HISTORY OF AVIATION 031111**

The Aeronautics and Space Academy course explores the historical development of aviation and aerospace on a global and national scale. The class focuses on the key individuals, their achievements and overall contribution to the science of aeronautics and aircraft; including the technologies and key events that have unfolded since the dawn of flight. The students will obtain an appreciation of the strides humans have made in the arena of flight and how it impacts all facets of global society starting with the first experience with powered flight, extending to walking on the moon and beyond. *This course will be offered as a Dual Enrollment opportunity in conjunction with the University of Nebraska at Omaha’s Aviation Institute.

- **Prerequisites:** Introduction to Aviation and Aerospace, or Instructor/Director Permission.
- **Duration:** 1 semester
- **Credit:** 1 credit
- **Grade Level:** 11, 12
INTRODUCTION TO METEOROLOGY 060341
This course will provide the student with basic understanding of weather and climate. The student will develop an understanding of the structure and function of the atmosphere including the dynamics between its matter and energy and their effect on weather and climate. The students will study the major components of weather such as temperature, humidity, pressure, precipitation, and winds and the interactions among them. The course will also address aspects of air pollution, global climate change, and basic understanding of weather forecasting.
Prerequisites: Introduction to Aeronautics and Space, or Instructor/Director Permission.
Duration: 1 Semester Credit: 1 credit Grade Level: 11, 12

UAV DRONE PILOT TRAINING 172401
An introduction to the requirements and skills necessary to fly commercial drones. This course is designed to give the student the ability to fly and safely operate a drone in today's growing Unmanned Aerial Vehicle field. Emphasis is placed on safety, equipment selection, flying, and becoming licensed to use drones for commercial purposes.
Prerequisites: Intro to Aviation and Aerospace, Aviation Safety, or Aviation History, and Instructor/Director Permission.
Duration: 1 Semester Credit: 1 credit Grade Level: 11, 12

AVIATION MECHANICS 1-2 172411/172412
This course will provide students a basic understanding of the elements involved with performing maintenance on an aircraft. The students will develop knowledge and skills related to various areas of maintaining an aircraft including safe work habits, applied math, maintaining the aircraft structure, fluid power systems and interior construction. Using industry-standard tools, students will construct projects using metals, welding, fluid power materials, woods, and various fasteners.
Prerequisites: None
Duration: 1 Year Credit: 1 credit per semester Grade Level: 11, 12

INTRODUCTION TO POWERED FLIGHT: PRIVATE PILOT GROUND SCHOOL 181131/181132
The successful completion of this course will prepare the student to take and pass the Federal Aviation Administration’s (FAA) Private Pilot Written Exam which is a requirement to fulfill in obtaining a Private Pilot Certificate. This course will introduce the student to a variety of subject matters ranging in, but not limited to Basic Aerodynamics, Aircraft Systems, Flight Instrument applications, Federal Aviation Regulations, Meteorology, Aerial Navigation, Airport Operations and Procedures, In-route Flight Planning, and applications of Determining Aircraft Performance Parameters for safe flight. The students will be given opportunities to research and explore numerous other facets related to powered flight and will be exposed to the opportunities that are available in obtaining of a Private Pilot license. *This course has a Dual Enrollment opportunity in conjunction with the University of Nebraska at Omaha’s Aviation Institute.
Prerequisites: Admission to the Air and Space Academy, Introduction to Aeronautics and Space, Introduction to Aircraft and Rocketry, Introduction to Aviation and Aerospace, and Instructor/ Director Permission.
Duration: 1 year Credit: 1 credit per semester Grade Level: 12

**OPS Graduation Requirements:**
All Students Must Complete 16 Elective Credits

**OPS Graduation Requirements:**
All Students Must Complete Personal Finance (1 Credit) as a Graduation Requirement.

Incoming freshmen who **have** taken Computer Applications 3 or 4 **may** take:

- **Principles of Business/Honors Principles of Business**

Every Senior **must** complete:

- **Personal Finance or Honors Personal Finance**

**Students May Choose To Take Courses Below for Elective Credit:**

**Accounting**
- Accounting 1-2 or Honors 1-2
- Accounting 3-4 or Honors 3-4

**Digital Design**
- Introduction to Digital Media or Honors Introduction to Digital Media
- Digital Design or Honors Digital Design

**Other Business Electives**
- Principles of Business, Marketing, and Management or Honors Principles of Business, Marketing, and Management
- Management and Leadership 1-2 or Honors Management and Leadership 1-2
- Web Design 1-2 or Honors
- Honors Entrepreneurship
- IT Team Management (Hudl)
- Intro to Sports Analytics for IT (Hudl)

**Marketing**
- Marketing 1-2 or Honors Marketing 1-2
- Marketing 3-4 or Honors Marketing 3-4
- Marketing Internship may be taken concurrently with a 3-4 level Marketing class.

**Information Technology**
- Foundations of Computing 1
- AP Computer Science Principles 1-2
- AP Computer Science A 1-2

BUSINESS

Classes marked with an + may be eligible for Dual Enrollment at Omaha area colleges

PRINCIPLES OF BUSINESS, MARKETING AND MANAGEMENT 120021
This course is designed as an introductory overview of the Business, Marketing, and Accounting Career Field. Units of study include economic systems, forms of business ownership, management, marketing, and accounting. Career opportunities will also be explored.
Prerequisite: None
Duration: 1 Semester Credit: 1 credit Grade Level: 9, 10, 11, 12

HONORS PRINCIPLES OF BUSINESS, MARKETING, AND MANAGEMENT 120041
This course is designed as an introductory overview of the Business, Marketing, and Accounting Career Field. Units of study include economic systems, forms of business ownership, management, marketing, and accounting. Career opportunities will also be explored.
Prerequisite: None
Duration: 1 Semester Credit: 1 credit Grade Level: 9, 10, 11, 12

MANAGEMENT AND LEADERSHIP 1-2 120791/120792
This course emphasizes the basic concepts of management and leadership within a business or organization. It addresses characteristics, organization, and operation of business as major sectors of the economy. Students will investigate management issues involved in planning, organizing, leading, and controlling an organization. They will also acquire essential skills in the areas of emotional intelligence: time management, stress management, professional growth and development, communication, and relationship skills.
Prerequisites: None
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11, 12

HONORS MANAGEMENT AND LEADERSHIP 1-2 120821/120822
This course emphasizes the basic concepts of management and leadership within a business or organization. It addresses characteristics, organization, and operation of business as major sectors of the economy. Students will investigate management issues involved in planning, organizing, leading, and controlling an organization. They will also acquire essential skills in the areas of emotional intelligence: time management, stress management, professional growth and development, communication, and relationship skills.
Prerequisites: None
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11, 12

HONORS ENTREPRENEURSHIP 120621
Entrepreneurship is a course designed for students with a career interest in entrepreneurship. Emphasis is placed on the evaluation of the business skills and commitment necessary to successfully operate an entrepreneurial venture and review the challenges and rewards of entrepreneurship. The role of entrepreneurial businesses in the United States and the impact on the national and global economy will be explored. Instructional strategies may include the development of a business plan, operation of school-based business, or actual creation of a student-run business.
Prerequisites: Infotech Fundamentals or Principles of Business, Marketing, and Management
Duration: 1 semester Credit: 1 credit Grade Level: 10, 11, 12

ACCOUNTING 1-2 120171/120172
This two-semester course covers sole proprietorship accounting principles involved in the preparation and maintenance of financial records concerned with business management and operations. It is a comprehensive introduction to basic accounting including recording, summarizing and reporting, principles of income measurement and asset valuation, and accounting systems and controls. Students are exposed to careers in the accounting field and are given the opportunity to perform accounting applications using the computer. An introduction to partnerships and corporations may be included.
Prerequisites: Algebra 1-2 or concurrent enrollment
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11, 12
HONORS ACCOUNTING 1-2  
This two-semester course covers sole proprietorship accounting principles involved in the preparation and maintenance of financial records concerned with business management and operations. It is a comprehensive introduction to basic accounting including recording, summarizing and reporting, principles of income measurement and asset valuation, and accounting systems and controls. Students are exposed to careers in the accounting field and are given the opportunity to perform accounting applications using the computer. An introduction to partnerships and corporations may be included.

Prerequisites: C or better in Algebra 1-2
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 10, 11, 12

HONORS ACCOUNTING 3-4  
This is a two-semester course that includes partnership and corporate accounting, adjustment in inventory control systems, budgetary control systems, and further enhancement of accounting skills. Accounting is a prerequisite.

Prerequisites: C or better in Accounting 1-2
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 11, 12

PERSONAL FINANCE
The goal of personal finance is to help students become financially responsible, conscientious members of society. This course develops student understanding and skills in money management; budgeting; financial goal attainment; use of credit; insurance; investments; and consumer rights and responsibilities. Application of academic concepts, technology, and career planning are integrated throughout the curriculum.

Prerequisite: None
Duration: 1 semester
Credit: 1 credit per semester
Grade Level: 12

**HONORS PERSONAL FINANCE**
This is an honors-level course in Personal Finance. The goal of personal finance is to help students become financially responsible, conscientious members of society. This course develops student understanding and skills in money management; budgeting; financial goal attainment; use of credit; insurance; investments; and consumer rights and responsibilities. Application of academic concepts, technology, and career planning are integrated throughout the curriculum.

Prerequisite: None
Duration: 1 semester
Credit: 1 credit per semester
Grade Level: 12
MARKETING

Classes marked with an +  may be eligible for Dual Enrollment at Omaha area colleges

MARKETING 1-2  120471/120472
Students will explore the basic functions of marketing: pricing, promotion, product planning, and place/distribution: the marketing mix. The curriculum provides the foundational skills and knowledge in economics, communications skills/interpersonal skills, professional career development, business, management, and entrepreneurship. Application of academic concepts and technology are integrated throughout the curriculum. Membership in the extracurricular organization DECA is strongly recommended.

Prerequisite:  None
Duration:  1 year  Credit:  1 credit per semester  Grade Level:  11, 12

HONORS MARKETING 1-2  120501/120502
Students will explore the basic functions of marketing: pricing, promotion, product planning, and place/distribution: the marketing mix. The curriculum provides the foundational skills and knowledge in economics, communications skills/interpersonal skills, professional career development, business, management and entrepreneurship. Application of academic concepts and technology are integrated throughout the curriculum. Students agree to meet additional criteria, such as research and marketing projects. Membership in the extracurricular organization DECA is strongly recommended.

Prerequisites:  None
Duration:  1 year  Credit:  1 credit per semester  Grade Level:  11, 12

MARKETING 3-4  120481/120482
The course will emphasize entrepreneurial development and responsive marketing strategies that meet customer needs. The course focuses on marketing concepts and the role of marketing in the organization and society. Topics include market segmentation, product development, promotion, distribution, and pricing. Additional topics include external environment, economics, politics, government, marketing research, international marketing, cultural diversity, ethics, technology, and careers in marketing. Capstone activities include development of a marketing or business plan. Membership in the extracurricular organization DECA is strongly recommended.

Prerequisite:  Marketing 1-2 needed
Duration:  1 year  Credit:  1 credit per semester  Grade Level:  12

+HONORS MARKETING 3-4  120511/120512
The course will emphasize entrepreneurial development and responsive marketing strategies that meet customer needs. The course focuses on marketing concepts and the role of marketing in the organization and society. Topics include market segmentation, product development, promotion, distribution, and pricing. Additional topics include external environment, economics, politics, government, marketing research, international marketing, cultural diversity, ethics, technology, and careers in marketing. Capstone activities include development of a marketing or business plan. Students agree to meet additional criteria, such as research and marketing projects. Membership in the extracurricular organization DECA is strongly recommended.

Prerequisites:  C or better in Honors Marketing 1-2 or Marketing 1-2
Duration:  1 year  Credit:  1 credit per semester  Grade Level:  12

MARKETING INTERNSHIP  188701/188702
The internship program provides 12th grade students with an individual career experience in the community. The internship is a supplement to formal classroom instruction. Students plan their internship with a teacher-coordinator and participate in a paid or unpaid occupational experience.

Prerequisites:  Taken concurrently with Marketing 3-4, Honors Marketing 3-4, and Instructor Permission.
Duration:  1 year  Credit:  1 credit per semester  Grade Level:  11, 12
INFORMATION TECHNOLOGY

Classes marked with an + may be eligible for Dual Enrollment at Omaha area colleges

FOUNDATIONS OF COMPUTING 1 131421

Designed to be the first computer science course for students who have never programmed before, Foundations of Computing is a starting point for Computer Science. Students will explore the impact of computing in society and build skills in digital citizenship and cybersecurity. Beyond learning the fundamentals of programming, students build computational-thinking skills by applying computer science to collaboration tools, modeling and simulation, and data analysis.

Prerequisites: None
Duration: 1 Semester
Credit: 1 credit
Grade Level: 9, 10, 11, 12

IT TEAM MANAGEMENT 1 131501

This course emphasizes the basic concepts of management and leadership of a sports team through information technology applications. Students will use a variety of technology resources including the Hudl sports management software to investigate management issues involved in planning, organizing, leading, and controlling a team. As students progress through the course, they will also acquire management, professional growth and development, communication, and relationship skills while exploring potential careers in the field.

Prerequisites: None
Duration: 1 semester
Credit: 1 credit
Grade Level: 9, 10, 11, 12

INTRO SPORTS ANALYTICS FOR IT 1 131511

This course will discuss the theory, development, and application of analytics in sports using a variety of information technology resources including the Hudl sports management software. Students will learn about the significance of identifying applicable data in order to understand in-game decisions, and how those affect real-world scenarios such as team management, player performance and sports operations.

Prerequisites: Successful completion of IT Team Management with a C- or higher or instructor approval
Duration: 1 semester
Credit: 1 credit
Grade Level: 9, 10, 11, 12

INTRO TO DIGITAL MEDIA 131471

Students will create, design, and produce digital media including sound, video, and graphics. Emphasis will be placed on effective use of tools for interactive multimedia production including storyboarding, visual development, project management, and web processes. Students will gain experience in basic programming through Alice 2 software.

Prerequisites: None
Duration: 1 semester
Credit: 1 credit
Grade Level: 9, 10, 11, 12

HONORS INTRO TO DIGITAL MEDIA 131481

Students will create, design, and produce digital media including sound, video, and graphics. Emphasis will be placed on effective use of tools for interactive multimedia production including storyboarding, visual development, project management, and web processes. Students will gain experience in basic programming through Alice 2 software.

Prerequisites: None
Duration: 1 semester
Credit: 1 credit
Grade Level: 9, 10, 11, 12

DIGITAL DESIGN 131431

Students will focus on developing advanced skills to plan, design, and create interactive projects using elements of texts, graphics, and digital imaging. These skills will prepare students for entry-level positions in the digital design field. Students will demonstrate proper use of copyright and fair use throughout the course.

Prerequisites: None
Duration: 1 semester
Credit: 1 credit
Grade Level: 9, 10, 11, 12

HONORS DIGITAL DESIGN 131441

Students will focus on developing advanced skills to plan, design, and create interactive projects using elements of texts, graphics, and digital imaging. These skills will prepare students for entry-level positions in the digital design field. Students will demonstrate proper use of copyright and fair use throughout the course.

Prerequisites: None
Duration: 1 semester
Credit: 1 credit
Grade Level: 9, 10, 11, 12
HONORS ADVANCED DIGITAL DESIGN

Students will focus on developing advanced skills to plan, design, and create interactive projects using elements of texts, graphics, and digital imaging. These skills will prepare students for entry-level positions in the digital design field. Students will demonstrate proper use of copyright and fair use throughout the course.

Prerequisites: Successful completion of Digital Design or Graphic Design with a C or higher, or instructor approval

Duration: 1 semester  Credit: 1 credit  Grade Level: 9, 10, 11, 12

+WEB DESIGN 1-2

Students will demonstrate knowledge of web design and languages, including HyperText Markup Language (HTML) and Cascading Style Sheets (CSS) to create a content rich and visually pleasing website that captures and keeps visitors’ interests. Focus will be given to effective page layout, image creation and manipulation, interactivity, content creation, and project management. This course may be available for articulated or dual credit at a postsecondary institution.

Prerequisites: Infotech Fundamentals, or Foundations of Computing 1, or Teacher Permission

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

+HONORS WEB DESIGN PRACTICES 1-2

This is an advanced level course in web design. Students will demonstrate knowledge of web design and languages, including Hyper Text Markup Language (HTML) and Cascading Style Sheets CSS) to create rich and visually pleasing website that captures and keeps visitors’ interests. Focus will be given to effective page layout, image creation and manipulation, interactivity, content creation, and project management. This course may be available for articulated or dual credit at a post-secondary institution. This course offers students the opportunity to connect with business and industry or to make connections with clients in a web design scenario. This course may be available for articulated or dual credit at a post-secondary institution.

Prerequisites: Infotech Fundamentals, or Foundations of Computing 1, or Teacher Permission

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

+AP COMPUTER SCIENCE PRINCIPLES 1-2

Computer Science Principles introduces students to the foundations of computer science with a focus on how computing powers the world. Along with the fundamentals of computing, you will learn to analyze data, create technology that has a practical impact, and gain a broader understanding how computer science impacts people and society.

Prerequisite: Completion of Algebra 1-2 with a C or better

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9, 10, 11, 12

AP COMPUTER SCIENCE A 1-2

This college-level course will prepare the student to take the AP Computer Science exam. Students will learn how to design and implement computer-based solutions to problems in several application areas and well-known algorithms and data structures, including how to develop and select appropriate algorithms and data structures to solve problems. Students must be able to code fluently in a well-structured fashion and be able to read and understand a large program and a description of the design and development process leading to such a program. Students will be expected to identify the major hardware and software components of a computer system, their relationship to one another, and the roles of these components within the system. Students will be able to recognize the ethical and social implications of computer use and are strongly encouraged to take the AP Exam.

Prerequisite: AP Computer Science Principles 1-2 recommended

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11, 12

Core Course Offerings
All Students Must Complete These Courses

Freshmen Year
- English 1-2
- or
- Honors English 1-2

Sophomore Year
- English 3-4
- or
- Honors English 3-4

Junior Year
- English 5-6
- or
- AP English Language and Composition

English Review and Writing Skills
(May be used once to remove an English Credit deficiency for English 1-8. Registration preference is given to Seniors.)

Senior Year
- English 7-8
- or
- AP English Literature and Composition
- or
- Dystopian Lit

English Review and Writing Skills
(May be used once to remove an English Credit deficiency for English 1-8. Registration preference is given to Seniors.)

Elective Course Offerings
Students May Choose To Take These Courses for Elective Credit

- Photojournalism 1 and Digital Journalism 1
- Journalism 1-2 or Honors + H. Yearbook 1-2
- Debate 1-2 or Honors

- Journalism 1-2 or Honors
- Debates 1-2 or Honors
- H. Yearbook 1-2
- H. Yearbook 3-4
- Photojournalism 1 and Digital Journalism 1
- H. Digital Journalism 3-4
- ACT Prep

- Journalism 1-2 or Honors
- Debates 1-2 or Honors
- H. Yearbook 1-2
- H. Yearbook 3-4
- H. Yearbook 5-6
- Photojournalism 1 and Digital Journalism 1
- H. Digital Journalism 3-4
- Creative Writing 1
- ACT Prep
- Editorial Leadership

- Journalism 1-2 or Honors
- Debates 1-2 or Honors
- H. Yearbook 1-2
- H. Yearbook 3-4
- H. Yearbook 5-6
- Photojournalism 1 and Digital Journalism 1
- H. Digital Journalism 3-4
- Creative Writing 1
- ACT Prep
- Editorial Leadership

OPS Graduation Requirements:
- All Students Must Complete 9 Credits of English. Any additional English courses may be used for elective credit.
Courses for all students at Honors and academic levels emphasize language, literature, and composition skills. Electives provide extra study for college entrance examination preparation and special fields of communication. In deciding between Honors/ AP and Academic levels, please review the following courses to select the English course to best meet your needs.

^Students develop cognitively, socially and emotionally along different time and interest continuums. For students who are willing and interested in advanced coursework, but do not meet the course prerequisites, an exception may be requested through a conversation involving building staff, parents/guardians, and the student.

Classes marked with an + may be eligible for Dual Enrollment at Omaha area colleges.

ENGLISH 1-2 010341/010342

English 1-2 focuses on the Nebraska State Standards for Language Arts which include reading, writing, speaking, listening, and multiple literacies. Students use a variety of unique conceptual lenses (choices and consequences, heroes, life experiences and relationships, and identity) to gain command of essential skills in written and oral communication and the reading of literary and informational texts. Students use the writing process to produce five required papers per semester in a variety of modes (narrative, persuasive, argumentative, analytical, and technical).

Prerequisite: None
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9

^HONORS ENGLISH 1-2 010351/010352

This course provides a more rigorous and intensive study of the language arts skills of reading, writing, speaking and listening as described in English 1-2. Students will read a variety of narrative and informational texts and produce writing pieces in the following modes: descriptive, narrative, analytical, expository, persuasive, argumentative and technical. Additional course work is required above and beyond the regular English 1-2 course.

Prerequisites: Any one of the following*: Grade of “A” in English Language Arts-8 1 and 2, Grade of “B” or higher in Honors English Language Arts-8 1 and 2, or MAP Reading score at or above a score determined by District English Language Arts Supervisor.

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9

ENGLISH 3-4 010411/010412

This course focuses on the language arts skills of reading, writing, speaking and listening. Students will use a variety of unique conceptual lenses (relationships, culture, responsibility, integrity and honor) to gain command of essential skills in written and oral communication and the reading of narrative and informational text. Students will produce a variety of writing samples in the following modes: descriptive, narrative, analytical, expository, persuasive, argumentative, and technical.

Prerequisite: None
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10

HONORS ENGLISH 3-4 010421/010422

This course provides a more rigorous and intensive study of the language arts skills of reading, writing, speaking and listening as described in English 3-4. Students will read a variety of narrative and informational texts and produce writing pieces in the following modes: descriptive, narrative, analytical, expository, persuasive, argumentative, and technical. Additional course work is required above and beyond the regular English 1-2 course.

Prerequisites: B or higher in Honors English 1-2; parent and student signature indicating a full year commitment

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10

ENGLISH 5-6 010471/010472

This course focuses on the language arts skills of reading, writing, speaking and listening through a study of American literature. Students will use a variety of unique conceptual lenses (freedom, struggle and persecution, movements and justice, American dreams and disillusionment) to gain command of essential skills in written and oral communication and the reading of narrative and informational text. Students will produce a variety of writing samples in the following modes: descriptive, narrative, analytical, expository, persuasive, argumentative, and technical.

Prerequisite: None
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11
AP Language and Composition is an AP course designed to engage students in the careful reading and critical analysis of, primarily, non-fiction works. The focus is American literature, poetry, and non-fiction. Through the close reading and use of other AP learning strategies, students will deepen their understanding of the ways writers use language to provide both meaning and pleasure for their readers. This course follows the College Board curriculum and involves extensive reading and writing. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: B or higher in H English 3-4; parent and student signature indicating a full year commitment.

Duration: 1 year
Credit: 1 credit per semester
Grade Level: 11

ENGLISH 7-8

This course focuses on the language arts skills of reading, writing, speaking and listening through a study of British and global literature. Students will use a variety of unique conceptual lenses (heroes/leaders, good/evil, human fallibility, global, power, and governance) to gain command of essential skills in written and oral communication and the reading of narrative and informational text. Students will produce a variety of writing samples in the following modes: descriptive, narrative, analytical, expository, persuasive, argumentative, and technical.

Prerequisite: None

Duration: 1 year
Credit: 1 credit per semester
Grade Level: 12

AP English Literature and Composition in an AP course that engages students in the careful reading and critical analysis of imaginative literature. Through the close reading of selected texts, students will deepen their understanding of the ways writers use language to provide both meaning and pleasure for their readers. This course follows the College Board curriculum and involves extensive reading and writing. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: B or higher in AP Language and Composition or English 5-6 and parent and student signature indicating a full-year commitment

Duration: 1 year
Credit: 1 credit per semester
Grade Level: 12

AP English Literature and Composition (Zero Hour)

This course explores different dystopian worlds utilizing classic as well as modern literature. Dystopian themes will be addressed in relation to the current world state, its inhabitants, and its leaders. Students will explore concepts ranging from identity to societal influence and government dysfunction to gain command of essential skills in written and oral communication and the reading of narrative and informational text. Students will produce a variety of writing samples in the following modes: descriptive, narrative, analytical, expository, persuasive, argumentative, and technical.

Prerequisites: B or higher in AP Language and Composition or English 5-6 and parent and student signature indicating a full-year commitment

Duration: 1 year
Credit: 1 credit per semester
Grade Level: 12
Note: Zero Hour AP English Literature and Composition is offered to students who wish to have 9 classes a semester. Students with a class release must have a verified financial need to be enrolled in the Zero Hour Course. If interested in taking this Zero Hour with a class release, please discuss with a student’s assigned School Counselor. Verification will include a letter from the student’s employer that the student will be working during the class release period.

Dystopian Literature (Satisfies English 7-8 Graduation Requirement)

This course explores different dystopian worlds utilizing classic as well as modern literature. Dystopian themes will be addressed in relation to the current world state, its inhabitants, and its leaders. Students will explore concepts ranging from identity to societal influence and government dysfunction to gain command of essential skills in written and oral communication and the reading of narrative and informational text. Students will produce a variety of writing samples in the following modes: descriptive, narrative, analytical, expository, persuasive, argumentative, and technical.

Prerequisites: None

Duration: 1 year
Credit: 1 credit per semester
Grade Level: 12
## ENGLISH REVIEW 011171

This course, one semester in length (presented both semesters), allows a student the one-time opportunity to remove an English credit deficiency for English 1-8. The course addresses all reading, writing, speaking and listening standards. Five formal compositions are required.

**Prerequisite:** English credit deficiency  
**Duration:** 1 semester  
**Credit:** 1 credit  
**Grade Level:** 11, 12

## WRITING SKILLS 010771

This course, one semester in length (presented both semesters), allows a student the one-time opportunity to remove an English credit deficiency for English 1-8. The course has a specific composition improvement purpose. The writing process, emphasizing student responsibility for completing a quality writing product, is the focus of this class.

**Prerequisite:** English credit deficiency  
**Duration:** 1 semester  
**Credit:** 1 credit  
**Grade Level:** 11, 12

## CREATIVE WRITING 1 020351

This course is the first semester offering of the elective course, Creative Writing 1-2. This course allows students to develop their writing talents through experiencing activities which focus on the writing of fiction and nonfiction works, including the writing of the short story, poetry, the essay, drama, and other forms of writing as assigned.

**Prerequisites:** Minimum grade of C in English classes, high interest in creative writing, and Instructor Permission.  
**Duration:** 1 semester  
**Credit:** 1 credit  
**Grade Level:** 11, 12 (10 with teacher permission)

## DEBATE 1-2 020561/020562

This course provides instruction in the fundamentals of debate, including an emphasis on the debate format, terminology, and research techniques. Students will participate in the debate process by completing research to find evidence to build affirmative and negative cases as they apply the terminology and processes which they have learned to actual debate formats.

**Prerequisites:** B or better in English classes or with permission of the instructor  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

## HONORS DEBATE 1-2 021561/021562

This course provides additional debate opportunities which may include additional work at a higher cognitive level. Students are required to compete in 3 or more GOLD Novice meets. These meets occur off-campus.

**Prerequisites:** B or better in English classes or with permission of the instructor  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

## JOURNALISM 1-2 020411/020412

This course introduces students to the field of journalism including the newspaper, photography, and yearbook. Students will learn the history, law, and ethics of journalism as well as journalistic writing, reporting and interviewing, and layout and design. Students are expected to work both individually and collaboratively.

**Prerequisite:** C or better in most recent English class or with advisor permission  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11

## HONORS JOURNALISM 1-2 020531/020532

This course introduces students to the field of journalism including the newspaper, photography, and yearbook. Students will learn the history, law, and ethics of journalism as well as journalistic writing, reporting and interviewing, and layout and design. Students are expected to work both individually and collaboratively and must be willing to take on additional responsibilities and assignments.

**Prerequisite:** C or higher in most recent English class or with journalism advisor recommendation.  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11

## HONORS YEARBOOK 1-2 021231/021232

This course allows students to learn the fundamentals of yearbook production, including designing the yearbook, doing photography, writing and editing copy, doing page designs and page layouts, acquiring advertising, marketing the book, managing sales, and distributing the final copy. In addition, students are expected to assume leadership management roles as requested and as assigned in the planning and production of the yearbook.

**Prerequisite:** Successful completion of a “C” or higher in either Journalism 1-2, Honors Journalism 1-2, or both photojournalism and digital journalism. It also requires Journalism Adviser permission.  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12
HONORS YEARBOOK 3-4 021331/021332
Students enrolled in this course are responsible for the production of the school yearbook. Students work individually and collaboratively on their assignments. Quality writing, editing, advertising, photography, and layout design skills are required.
Prerequisite: Successful completion of a "C" or higher in Yearbook 1-2 and Journalism Advisor permission.
Prerequisites: Yearbook advisor permission
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

HONORS YEARBOOK 5-6 021431/021432
Students enrolled in this course are responsible for the production of the school yearbook. Students work individually and collaboratively on their assignments. Quality writing, editing, advertising, photography, and layout design skills are required. Students will assume additional responsibilities and assignments. This course is for third year yearbook students.
Prerequisites: Successful completion of a "C" or higher in Honors Yearbook 3-4 AND requires Journalism Adviser Permission.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11, 12

HONORS NEWSPAPER 1-2 021171/021172
Students enrolled in this course will be responsible for the print and/or online production of the school newspaper. Students will work individually and collaboratively on their assignments. Quality writing, editing, advertising, photography, and layout design skills are emphasized.
Prerequisites: Successful completion of a “C” or higher in either Journalism 1-2, Honors Journalism 1-2, or both photojournalism and digital journalism. It also requires Journalism Adviser permission.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9,10, 11, 12

HONORS NEWSPAPER 3-4 021181/021182
Students enrolled in this course will be responsible for the print and/or online production of the school newspaper. Students will work individually and collaboratively on their assignments. Quality writing, editing, advertising, photography, and layout design skills are emphasized. Students will assume additional responsibilities and assignments. This course is for second year newspaper students.
Prerequisites: Successful completion of a “C” or higher in Honors Newspaper 1-2 AND requires Journalism Adviser Permission.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

HONORS NEWSPAPER 5-6 021191/021192
Students enrolled in this course will be responsible for the print and/or online production of the school newspaper. Students will work individually and collaboratively on their assignments. Quality writing, editing, advertising, photography, and layout design skills are emphasized. Students will assume additional responsibilities and assignments. This course is for third year newspaper students.
Prerequisites: Successful completion of a “C” or higher in Honors Newspaper 3-4 AND requires Journalism Adviser Permission.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10,11,12

EDITORIAL LEADERSHIP 022751/022752
Students enrolled in this class must also be enrolled concurrently in H. Yearbook 3-4, H. Newspaper 3-4, or Digital Journalism 5-6 or higher. The purpose of this class is to build the leadership skills of journalists who are promoted into editorial management positions. It will also establish ongoing training, coaching, and support as well as create mutually supportive cohorts for the leaders.
Prerequisites: Successful completion of a "C" or higher in previous Honors Yearbook, Honors Newspaper, or H. Digital Journalism AND requires Journalism Adviser Permission. Exceptions may be made for H. Yearbook 1-2, H. Newspaper 1-2, and H. Digital Journalism 3-4 students who have been moved to an editorial leadership position.
Duration: 1 semester or 1 year  Credit: 1 credit per semester  Grade Level: 11, 12

PHOTOJOURNALISM 1 020841
In addition to learning to create written pieces through the development of photographs, this course includes DSLR camera operation, lighting, composition, photo editing techniques for print or computer-mediated publication applications. Emphasis is placed on using the camera as a reporting tool in conjunction with design to publish their work. Legal and ethical issues involving photojournalism will also be addressed. Students should also take Digital Journalism 1.
Prerequisite: none
Duration: 1 semester or 1 year  Credit: 1 credit per semester  Grade Level: 9, 10,11
DIGITAL JOURNALISM 1 020451

Digital Journalism focuses on a variety of media platforms for the 21st century, placing emphasis on the laws and ethics of both online and video journalism which include the development of skills in online newspaper and web design, podcasts, news broadcasting and social media. Students will understand what positive and objective digital citizenship is in addition to acquiring skills that help to prepare them for advanced journalism courses.

Prerequisite:  Photojournalism 1
Duration:  1 semester  Credit:  1 credit per semester  Grade Level:  9, 10, 11

HONORS DIGITAL JOURNALISM 3-4 022451/022452

Students enrolled in this course are responsible for the production of the online school newspaper website and student journalism social media. Students work individually and collaboratively on their assignments. Quality writing, editing, advertising, photography, and video skills are required.

Prerequisites:  Successful completion of a “C” or higher in either Journalism 1-2, Honors Journalism 1-2, or both photojournalism and digital journalism. It also requires Journalism Adviser permission.
Duration:  1 year  Credit:  1 credit per semester  Grade Level  9, 10, 11, 12

HONORS DIGITAL JOURNALISM 5-6 022551/022552

Students enrolled in this course are responsible for the production of the online school newspaper website and student journalism social media. Students work individually and collaboratively on their assignments. Quality writing, editing, advertising, photography, and video skills are required.
Students will assume additional responsibilities and assignments. This course is for second year digital journalism students.

Prerequisites:  Successful completion of a “C” or higher in Honors Digital Journalism 3-4 AND requires Journalism Adviser permission.
Duration:  1 year  Credit:  1 credit per semester  Grade Level  9, 10, 11, 12

ACADEMIC LITERACY 011011/011012

This course helps students develop skills and knowledge to improve their engagement, fluency, and comprehension of content-area materials and texts. Students will learn to understand and regulate their own reading processes while developing strategies for overcoming reading obstacles.

Prerequisite:  Placement is based on standardized test scores and teacher recommendation.
Duration:  1 year  Credit:  1 credit per semester  Grade Level  9, 10, 11, 12

LITERACY SKILLS 011181/011182

Students in this course will improve reading proficiency with explicit, direct instruction in fluency, vocabulary, and comprehension. Strategies for phonemic awareness and phonics will be taught as needed. Students will read leveled, high interest literature for both academic and recreational purposes.

Prerequisite:  Placement is based on standardized test scores and teacher recommendation.
Duration:  1 year  Credit:  1 per semester  Grade Level  9, 10, 11, 12

ACT PREPARATION 020751

This course is designed for college-bound students to help prepare them for college entrance exams, i.e., ACT, SAT, PSAT. Emphasis will be on vocabulary, literacy skills, writing skills, and grammar. Math and Science will also be covered.

Prerequisites:  None
Duration:  1 semester  Credit:  1 credit  Grade Level  10, 11

ESL 1-2
This course is intended for beginning proficiency level English learners (typically a first-year English learners with formal educational experiences). It is worth 2 credits due to double seat time. It focuses on increasing ELs’ academic English skills in the areas of speaking, listening, reading, and writing to an early-intermediate level as measured by the ELP Achievement Level Descriptors. The language and literacy integrated curriculum provides students with a balanced approach to learning English through applying comprehension skills to study authentic literature, informational texts, foundational literacy skills, academic vocabulary development, and academic writing with contextualized grammar. Special attention will be given to develop ELs’ oral language through integration of academic conversations. The curriculum for ESL classes is aligned to the English Language Proficiency standards and is in support of academic language development required for the core content-area standards’ mastery.

**Prerequisite:** Placement by ESL Staff
**Duration:** 1 Year
**Credit:** 1 credit per semester
**Grade Level:** 9, 10, 11, 12

---

ESL READING 1-2
This is a year long course. This course is designed to build reading skills in English for the beginning ESL student. The focus will be to provide successful experiences in reading English at a beginning level, while building skills in recognizing basic sight words, using context clues and prior knowledge to derive word meaning, identifying main idea, summarization of reading passages, and dictionary usage.

**Prerequisite:** Placement by ESL Staff
**Duration:** 1 year
**Credit:** 1 credit per semester
**Grade Level:** 9, 10, 11, 12

---

ESL SOCIAL STUDIES FOUNDATIONS 1-2
This ESL course is intended for beginning proficiency level English learners (typically a first-year English learners with formal educational experiences) and supports literacy and English language acquisition. This course explores the life of our country during the time period between Independence to 1900. Instruction is organized around the themes of geography, history, economics, and civics. Students investigate the key people, events, and ideas of the United States through primary and secondary sources, multiple perspectives, and the inquiry process. The curriculum for ESL classes is aligned to the English Language Proficiency standards and is in support of academic language development required for mastery of HS US History course standards and curriculum.

**Prerequisite:** Placement by ESL Staff
**Duration:** 1 year
**Credit:** 1 credit per semester
**Grade Level:** 9, 10, 11, 12

---

US HISTORY 1-2 ELL
Course Description/Narrative: This course is restricted for ESL students who are concurrently enrolled in ESL 3-4 or ESL 5-6. A special focus on language development is provided, but content and standards are the U.S. History standards. This course continues the study of United States history from 1900 to present. Students address the social, economic, and political development of the nation and relate it to both past and present. Instruction is organized around the themes of geography, history, economics, and civics. Students investigate the key people, events, and ideas of the United States through primary and secondary sources, multiple perspectives, and the inquiry process.

**Prerequisites:** Concurrent enrollment in ESL 3-4 or Eng 1-2 ELL
**Duration:** 1 year
**Credit:** 1 credit per semester
**Grade Level:** 9, 10, 11, 12

---

ENGLISH 1-2 ELL
This course offers the English 1-2 curriculum with enhanced vocabulary focus and cultural orientation for ELL students.

**Prerequisites:** Successful completion of ESL 3-4 or placement by ESL staff
**Duration:** 1 year
**Credit:** 1 credit per semester, equivalent to English 1-2
**Grade Level:** 9, 10, 11
This course is intended for intermediate proficiency level English learners (typically a second-year English learners with formal educational experiences). It is worth 2 credits due to double seat time. The focus of the course will be to increase ELs’ academic English skills in the areas of speaking, listening, reading, and writing to an intermediate level as measured by the ELP Achievement Level Descriptors. The language and literacy integrated curriculum will focus on strengthening comprehension and interaction with complex text through utilization of high-yield comprehension strategies, academic conversations, academic vocabulary and writing and grammar skills required to produce academic writing. The curriculum for ESL classes is aligned to the English Language Proficiency standards and is in support of academic language development required for the core content-area standards’ mastery.

**Prerequisite:** Successful completion of learning goals from ESL 1-2 or demonstration of equivalent skills is required for registration in this course.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

---

**ESL READING 3-4**

This is a yearlong course. This course is designed for intermediate ESL students to improve reading skills. Emphasis is on developing comprehension skill through fluency, summarizing and sequencing events in a reading passage, recognizing cause and effect, and using systematic strategies to locate information from textbooks, charts, graphs, and tables.

**Prerequisites:** Successful completion of learning goals from ESL Reading 1-2 or demonstration of equivalent skills is required for registration in this course.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

---

**ESL SCIENCE FOUNDATIONS 3-4**

Science Foundations 3-4 is an inquiry-based course designed to expose students to natural, environmental, and life sciences. Topics include weather and water cycles, plant studies, environmental changes, and human body systems. This course provides a foundation for other science courses. This elective science course is intended for beginning proficiency level English learners (typically a first-year English learners with formal educational experiences).

**Prerequisite:** Placement by ESL Staff

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

---

**ESL 5-6**

Course Description/Narrative: This co-requisite course is intended for intermediate proficiency level English learners, who are also enrolled in English 1-2 ELL course. The focus of the course will be to increase ELs’ academic English skills in the areas of speaking, listening, reading, and writing to an advanced level as measured by the ELP Achievement Level Descriptors. The language and literacy integrated curriculum will focus on strengthening comprehension and interaction with complex text through utilization of high-yield comprehension strategies, academic conversations, academic vocabulary and writing and grammar skills required to produce academic writing. The curriculum for this course is aligned to the English Language Proficiency standards and is in support of academic language development required for English 1-2 course.

**Prerequisites:** Successful completion of ESL 3-4 or placement by ESL staff

**Duration:** 1 year  
**Credit:** 1 credit per semester, equivalent to English 1-2  
**Grade Level:** 9, 10, 11

FINE ARTS

The Fine Arts encompasses Art, Graphic Design, and Pottery. Students are provided opportunities to explore and to use creative talents as they develop an appreciation and understanding of the visual arts. The fine arts fall into the elective category for graduation. Although students are not required to take courses in this area, they are encouraged to participate in at least one of the areas in order to develop creative thinking skills and to acquire a lifelong appreciation of the arts. Many colleges require one year of study of the arts. An honors program in the Fine Arts enables highly motivated and extremely talented students to work at advanced levels within regularly scheduled classes. The honors program demands completion of instructional goals at higher levels of proficiency and accelerated paces.

Classes marked with an + may be eligible for Dual Enrollment at Omaha area colleges.

ART

ART 1-2 110211/110212
This course offers beginning art students a foundation in basic drawing skills, design elements and principles, and color theory as they create original art works in a variety of media. In addition to art production, students will use a variety of learning strategies including reading, analyzing and responding to develop a deeper understanding of art. Students will be examining important works of art from a variety of cultures and time periods, participating in critiques of art works, and discussing aesthetic issues.

Prerequisite: None
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9, 10, 11, 12

ART 3-4 110251/110252
This course offers an expansion of skills and knowledge of drawing and design concepts, and further exploration of techniques and media, including watercolor and/or acrylic painting. Students will explore aesthetic issues, examine and discuss historically important art works from a variety of cultures, using the language of art criticism. In addition to art production, students will use a variety of learning strategies including reading, analyzing and responding to develop a deeper understanding of art.

Prerequisite: Successful completion of Art 1-2
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

HONORS ART 3-4 110321/110322
This course offers an expansion of skills and knowledge of drawing and design concepts, and further exploration of techniques and media, including watercolor and/or acrylic painting. Students will explore aesthetic issues, examine and discuss historically important art works from a variety of cultures, using the language of art criticism. This is the first semester of a yearlong course. Honors requirements are: attend formal exhibits and submit exhibit reviews/critiques; write an in-depth research paper; complete written abstracts about artists and their work; refine individual work for exhibition and/or competition each semester; and keep a drawing and reflection sketchbook.

Prerequisites: B or better in Art 1-2 or instructor recommendation
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

ART 5-6 110291/110292
This course offers serious art students the opportunity to apply the elements and principles of design to advanced projects in a variety of media (i.e.: various techniques of printmaking, painting, and/or sculpture). In addition to art production, students will use a variety of learning strategies including reading, analyzing and responding to develop a deeper understanding of art. Students will engage in artCriticism and aesthetic discussion as they explore various time periods and cultures from an art historical perspective. Students will keep a drawing and reflection sketchbook.

Prerequisite: Successful completion of Art 3-4
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

COMPUTER GRAPHICS DESIGN 1-2 1110561/110562
This course is an introduction to computer graphics design. Students will learn the elements and principles of design, in addition to layout skills and other applications of computer technology (flyers, poster and package design, drawing illustration). Students will be given a foundation in the business and commercial applications of computer graphics.

Prerequisite: None
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9, 10, 11, 12
COMPUTER GRAPHICS DESIGN 3-4  110571/110572
This course is a continuation of student preparation in the field of commercial art and graphic design. Students explore hardware and software used by the industry, building a portfolio of their work. This is the first semester of a year-long course. Prerequisite for the course is successful completion of Computer Graphic Design 1-2.
Prerequisite: Computer Graphics Design 1-2
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

COMPUTER GRAPHICS DESIGN 5-6  110581/110582
This is a third year advanced course in computer graphics with emphasis on individual student projects in commercial art and design. This is the second semester of a year-long course. Prerequisite for the course is successful completion of Computer Graphic Design 3-4.
Prerequisite: Computer Graphics Design 3-4
Duration: 1 year  Credit: 1 per semester  Grade Level: 11, 12

POTTERY 1-2  110461/110462
This course explores hand-built pottery techniques in terms of form, function and cultural expression. A background in drawing, design and color is recommended. In addition to art production, students will use a variety of learning strategies including reading, analyzing and responding to develop a deeper understanding of art. Students will learn about pottery produced by artisans from various cultures and times, and use the critical process to evaluate their own work, as well as examples taken from art history.
Prerequisite: None
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9, 10, 11, 12

POTTERY 3-4  110471/110472
This course will enable students to further develop hand building and wheel throwing skills, while they continue to study the development of pottery styles and techniques through history and in various cultures. Aesthetic issues related to form and function, the inherent expressive qualities of clay, and identifying good craftsmanship will be an ongoing part of the study. In addition to art production, students will use a variety of learning strategies including reading, analyzing and responding to develop a deeper understanding of ceramic art.
Prerequisites: Successful completion of Pottery 1-2
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

POTTERY 5-6  110681/110682
This course is an advanced, individualized course providing selected students an opportunity to individualize projects, enhancing their style in the medium while further exploring the philosophical and historical aspects of clay art. Focus is on creating a series of clay pieces on a chosen theme, researching ceramic history or artists, keeping a pottery journal/sketchbook, becoming current with contemporary ceramic artists and styles, participating in workshops, and mixing glazes.
Prerequisites: Successful completion of Pottery 3-4 or instructor permission.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11, 12

POTTERY 7-8  110791/110792
This course is an advanced, highly individualized course providing selected students an opportunity to individualize projects enhancing their style in the medium and communicating impact and voice in their work, while further exploring the philosophical and historical aspects of clay art. Focus is on creating a series of clay pieces on a chosen theme/concept, researching ceramic history or artists, keeping a pottery journal/sketchbook, becoming current with contemporary ceramic artists and styles, participating in workshops and mixing glazes.
Prerequisites: Successful completion of Pottery 5-6
Duration: 1 year  Credit: 1 per semester  Grade: 12
This course is designed for the serious art student who plans to take Advance Placement Art and/or art courses beyond high school. Students will work to develop technique, skill and personal style. Emphasis will be placed on building a body of work to be included in a portfolio. In addition to art production, students will use a variety of learning strategies including reading, analyzing and responding to develop a deeper understanding of art, aesthetics, and art criticism and art history. This course can be taken concurrently with other upper level art courses with art faculty permission. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum. This course may be taken multiple times for credit.

Prerequisites: B or better in 4 semesters of art or teacher permission and concurrent enrollment in another upper level art course

Duration: 1 year
Credit: 1 credit per semester
Grade Level: 12

AP DRAWING
Serious and highly motivated art students are invited to enroll in the demanding and college preparatory course. A rigorous portfolio in drawing is required and will be developed by the student and teacher within guidelines determined by the College Board. The term “drawing” is used very broadly; all sorts of art that involves directly making marks on a surface can fit into this portfolio. The AP Studio Art student is required to devote an additional class period of independent study toward the development of the portfolio. This course focuses on exhibitions, portfolios, scholarship preparation, and career planning.

This is a yearlong course. Preparing and submitting an AP portfolio is highly encouraged.

AP 2-D ART
This course prepares advanced art students for post-secondary art at the university or art school level. A portfolio is developed and submitted following the National College Board guidelines. This course involves individualized work in a variety of 2-D media using personal, historic and cultural context. Students may use any 2-D medium or process including, but not limited to, graphic design, digital imaging, photography, collage, fabric design, weaving, illustration, painting and printmaking. The unifying idea for the portfolio is that the student focuses on making decisions about how to use the principles and elements of art to create works of art that convey meaning. The student is required to devote an additional class period of independent study toward the development of the portfolio. Extensive sketchbook/journal and out-of-class assignments will be required. Course participants will be prepared, but not required, to take the Advanced Placement exam to earn college credit. Preparing and submitting an AP portfolio is highly encouraged.

AP 3-D ART
This course prepares advanced art students for post-secondary art at the university or art school level. A portfolio is developed and submitted following the National College Board guidelines. 3-Design involves purposeful decision-making using the elements and principles of art in an integrative way to demonstrate a thorough understanding of depth and space, volume and surface. Students, in their portfolio, are asked to show mastery of 3-D design through any three-dimensional approach, including but not limited to, figurative or non-figurative sculpture, architectural model, metal work, ceramics, glass work, installation, assemblage and 3-D fabric/fiber arts. The student is required to devote an additional class period of independent study toward the development of the portfolio. Course participants will be prepared, but not required, to take the Advanced Placement exam to earn college credit. Preparing and submitting an AP portfolio is highly encouraged.
Performing Arts

Students may choose to take courses below for Elective Credit

OPS Graduation Requirements:
All Students Must Complete 16 Elective Credits
All Students Must Complete 4 Credits of Physical Education. The following FPA courses provide an opportunity to earn Physical Education Credit:

Honors Swing Choir 1-2/ Honors Flag Corp (2 Semesters)
Honors Concert Band (Semester 1)

For questions about Fine and Performing Arts offerings, please contact Andrew.Brooks@ops.org

Drama

Drama 1
Drama 2
Honors Advanced Drama 3-4
Honors Advanced Drama 5-6

Stagecraft

Stagecraft 1-2
Advanced Stagecraft 1-2

Drama electives include:

Prep Band
Honors Concert Band (Marching Band is required and can be taken for PE credit)
Honors Orchestra

Honors Jazz Band (Taken with Concert Band) (Orchestra depending on instrument)

Other Music Electives

Honors Flag Corps
AP Music Theory

Vocal Music

Treble Chorus (no audition needed)
Men’s Chorus (no audition needed)

Concert Choir or Honors Concert Choir (Audition Only)

Honors Swing Choir Synergy (Audition Only)
Must also be enrolled in Concert Choir
PERFORMING ARTS

The Performing Arts encompasses Drama, Vocal Music and Instrumental Music. Students are provided opportunities to explore and to use creative talents as they develop an appreciation and understanding of the performing arts. The performing arts fall into the elective category for graduation. Although students are not required to take courses in this area, they are encouraged to participate in at least one of the areas in order to develop creative thinking skills and to acquire a lifelong appreciation of the arts. Many colleges require one year of study of the arts. An honors program in the Performing Arts enables highly motivated and extremely talented students to work at advanced levels within regularly scheduled classes. The honors program demands completion of instructional goals at higher levels of proficiency and accelerated paces.

*Classes marked with an + may be eligible for Dual Enrollment at Omaha area colleges.*

### STAGECRAFT 1-2

This course focuses on providing students with an understanding of technical theater, including theater safety, parts of a theater, theatrical rigging systems, safe use of tools, basic set construction, and introduction to set design, introduction to theatrical lighting and sound, stage management, and the use of other theatrical equipment. In addition, students will be introduced to theatrical costumes, properties, and theatrical makeup and the role each plays within a production. Students are required to attend and critique all school play and musical productions.

**Prerequisites:** Average C or above in Drama 1-2 or Industrial Tech (or middle school equivalent) and teacher permission. Strong interest in the “behind the scenes” working of a theatrical production is a must. Some experience in building/construction is good, but not necessary. Honors credit is available for this course.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

### ADVANCED STAGECRAFT 1-2

This course focuses on providing students with an advanced understanding of technical theater, set design and construction, the safe use of tools, theatrical rigging systems, and other theatrical equipment. Students enrolled in this course will read and technically analyze play/musical productions and take leadership roles in the technical dimension of school productions which include: designing and building sets, operating theatrical riggings, designing and leading the light, sound properties, makeup and costume crews, and stage management. They will also assist the technical director during school productions while maintaining focus on safety in all operations and procedures. Students must critique the production process and complete other projects related to technical theater in and outside of the classroom. Students are required to attend and critique all school play and musical productions. This course may be taken more than one time for credit.

**Prerequisites:** Average B or above in Stagecraft 1-2 and teacher permission. Honors credit is available for this course.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 10, 11, 12

### MUSIC

#### PREP BAND

This course is intended for high school students with previous instrumental experience but have yet to sharpen their skills sufficiently for membership in the concert band. Appropriate band literature and method studies that encourage the development of instrumental technique is rehearsed and performed. Membership is by audition. **Prep Band members will also be included in the marching band activities that include after school and weekend events/practices.

**Prerequisites:** Previous experience and permission of band director. May be taken one time only except with teacher permission.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9

#### HONORS CONCERT BAND

This course is considered to be principal performing band in the high school instrumental music curriculum. Students will rehearse and perform standard band literature designed to strengthen basic musicianship and instrumental technique. Membership is by audition. In the senior high school, the Concert Band also serves as the nucleus for the marching band program as a part of the first semester’s activities. Other performances include winter and spring concerts as well as the All-City Music Festival. Additional assignments and performances will be required for Honors credit. A large time commitment outside of the school day is a requirement for this course. The first semester of band, i.e. marching band, counts for 1 semester of PE credit. Four PE credits are required for graduation.

**Prerequisites:** Audition; interview/teacher selection

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

#### HONORS FLAG CORPS

This course is considered to be the principal performing corps in the high school instrumental music curriculum. Students will rehearse and perform standard flag corps routines with performance technique. Membership is by audition. In the senior high school, the Honors Flag Corp also serves as an extension of the marching band program during the first semester’s activities. Other performances include winter and spring guard. Additional assignments and performances will be required for Honors credit. Students are required to participate in all scheduled performances. Each semester in this course qualifies for 1 credit of PE. Four PE credits are required for graduation.

**Prerequisites:** Audition; interview/teacher selection

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 10, 11, 12
HONORS ORCHESTRA

This course includes the rehearsal and performance of outstanding symphonic literature from the representative periods of music history. This literature provides for the development of both individual and ensemble skills. Performance includes winter and spring concerts as well as the All-City Music Festival. Membership is by audition. High school orchestra members also participate as a pit orchestra for the production of a school’s Broadway musical. Additional assignments and performances will be required to earn Honors credit.

Prerequisites: Audition/teacher selection
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 9, 10, 11, 12

JAZZ BAND

This course is a high school instrumental ensemble comprised of advanced instrumental students who are simultaneously enrolled in Concert Band or Orchestra. Various jazz rudiments and improvisation techniques are introduced through a variety of jazz and popular styles of music. Membership is by audition.

Prerequisites: Audition/teacher selection. Concurrent enrollment in H Concert Band or H Orchestra (depending on instrument.)
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 9, 10, 11, 12

HONORS JAZZ BAND

This course is a high school instrumental ensemble comprised of advanced instrumental students who are simultaneously enrolled in Concert Band or Orchestra. Various jazz rudiments and improvisation techniques are introduced through a variety of jazz and popular styles of music. Additional assignments and performances may be required for Honors credit. Membership is by audition.

Prerequisites: Audition/teacher selection. Concurrent enrollment in H Concert Band or H Orchestra (depending on instrument.)
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 10, 11, 12

CONCERT CHOIR

This course is the principal performing choral organization of each high school. Students will rehearse and perform music of all musical periods of history in both accompanied and unaccompanied styles. Performance usually includes fall, winter and spring concerts as well as the All-City Music Festival. Membership is selected by audition.

Prerequisites: Audition/interview/teacher selection; teacher permission
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 9, 10, 11, 12

HONORS CONCERT CHOIR

This course is the principal performing choral organization of each high school. Students will rehearse and perform music of all musical periods of history in both accompanied and unaccompanied styles. Performance usually includes fall, winter and spring concerts as well as the All-City Music Festival. Membership is selected by audition. This course is an extension of Course #190281/2 for the serious music student. Advisors guide the students in developing written plans for earning honors credit. (Honors Credit)

Prerequisites: Audition/interview/teacher selection; teacher permission only
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 10, 11, 12

TREBLE CHORUS

This course is open to all girls who wish to participate in a choral class of treble voices. Basic vocal concepts are stressed through literature that is appropriate soprano and alto voices. Performance opportunities are included as an extension of the classroom activities.

Prerequisite: Interest in vocal music
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 9, 10, 11, 12

MEN’S CHORUS

This course is open to 9-12th graders who wish to participate in male chorus. Basic vocal concepts are stressed through literature that is appropriate for tenor and bass voices. Performance opportunities are included as an extension of the classroom activities including concerts and contests in the Omaha area.

Prerequisite: Interest in vocal music
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 9, 10, 11, 12
HONORS SWING CHOIR (SYNERGY) 190331/190332
This course is the principal swing choir of each high school. These advanced choral ensembles, which usually consist of three to five mixed, equally balanced quartets, are available by audition to students who are simultaneously enrolled in one of the school’s principal choral organizations. One of the primary functions of these groups is to serve as “ambassadors” for the school. Choreographed routines and frequent performance, often requiring time outside of school, must be a student consideration for enrollment.

Prerequisites: Audition/teacher selection/membership in Concert Choir, Women’s Choir or Men’s Chorus; teacher permission

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9, 10, 11, 12

AP MUSIC THEORY 191521/191522
This AP Music Theory course is designed to develop aural, performance, composition and theoretical knowledge skills of students to levels beyond the high school level. Students are encouraged to progress to be able to take the AP exam during fourth quarter. AP Exam is highly encouraged. This class is designed for students who are in a music-based class at Burke. This course is offered every other school year. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisite: Students must be concurrently enrolled in a music course.

Duration: Daily for 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12
Human Sciences & Education

OPS Graduation Requirements:
All Students Must Complete 1 Credit of Human Growth and Development or Have a Parent Waiver on File with the School Counseling Office

Every Burke Sophomore must take:

Human Growth and Development or Honors Human Growth and Development

Students May Choose To Take Courses Below for Elective Credit:

Education
- Lifespan Development
- And Principles of Education and Training
- Honors Introduction to Education 1-2
- And Education and Training Internship 1-2

Culinary
- Foods 1-2
- Culinary Skills 1-2

Other HSE Electives
- Sports Nutrition
- Family Living 1-2

Clothing, Textiles, and Design
- Textile Construction and Design 1-2
- Textile Construction and Design 3-4
- Design Workshop 1-2

Teen Parenting
- Teen Parenting 1-2
- Teen Parenting 3-4
- Teen Parenting 5-6
- Teen Parenting 7-8

TEXTILE CONSTRUCTION AND DESIGN 1-2
140261/140262
In this class, students explore the definition and application of elements and principle of design in living spaces, fashion and/or textiles. Design trends, inspiration sources, technical tools (hand and computer), fiber/fabric types and much more are explored through examples, exercises, critiques and creative projects. Basic sewing construction is learned in this class. A portfolio will be developed, which will be used in related upper level sources for this Design program of study. Students are exposed to career opportunities and skills necessary for the design career fields of fashion, interiors and/or textiles.
Prerequisite: None
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 9, 10, 11, 12

TEXTILE CONSTRUCTION AND DESIGN 3-4
140271/140272
This intermediate Design program of study course expands upon the elements and principles of design learned in Textiles, Construction & Design 1-2. Hands-on projects combine sewing construction techniques, fashion trends, consumer skills, fibers and fabrics. This course also incorporates creative and technical design skills that are required in the clothing, textiles and fashion industry.
Prerequisites: C or Better in Textile Const and Design 1-2 or with instructor's permission.
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 10, 11, 12

DESIGN WORKSHOP 1-2
140201/140202
This course incorporates basic principles of apparel construction with the practical use of equipment. Garments that were designed in Computer Design for Fashion will be constructed in this class.
Prerequisites: Completion of Clothing and Textiles 3-4 or CAD Fashion 3-4
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 11, 12

FOODS 1-2
140621/140622
This course introduces nutrition, wellness and food preparation skills to students. The course involves the study of cultural and social aspects of nutrition and food time management. This course requires students to pass safety tests for each unit. Without a passing grade on these tests, students cannot participate in labs and will receive a score of 0 on assignments in that unit that require the skills on the test.
Prerequisite: None
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 10, 11

CULINARY SKILLS 1-2
140631/140632
This course introduces professional skills related to the culinary industry including basic cooking procedures, kitchen safety and sanitation, tool and equipment usage, and preparation of stocks and sauces. Students will apply these skills through catering projects and experiences. This course requires students to pass safety tests for each unit. Without a passing grade on these tests, students cannot participate in labs and will receive a score of 0 on assignments in that unit that require the skills on the test.
Prerequisites: C or better in Foods 1-2 and Instructor Permission
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 10, 11, 12

+HONORS INTRODUCTION TO EDUCATION
141031/141032
This course will expose students to the education profession through an introduction to preservice preparation, societal influences on education, classroom practices, and the governance structures which impact teachers and schools. This course is aligned with a dual enrollment opportunity for eligible students. Must concurrently enroll in Education and Training Internship. Students must provide own transportation to practicum sites.
Prerequisites: Completion of Intro to Child Development 1-2 or concurrent enrollment
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 10, 11, 12

+EDUCATION & TRAINING INTERNSHIP
187601/187602
The internship program provides 11th and 12th grade students with an individual career experience in the community. The internship is a supplement to formal classroom instruction through Honors Introduction to Education. Students plan their internship with a teacher-coordinator and participate in a paid or unpaid occupational experience.
Prerequisites: Student's approved by teacher-coordinator AND Successful completion/concurrent enrollment in corresponding courses.
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 10, 11, 12
Mathematics

The Mathematics course in which a student begins varies from student to student and is determined by a number of factors including, but not limited to:

Previous math courses and grades earned, math test scores, and Teacher Recommendations.

Once a student is placed Freshmen year, they should follow the Mathematics Course sequence diagram below:

OPS Graduation Requirements:
All Students Must Complete 6 Credits (3 years) of Mathematics. Any additional Mathematics credits may be used for elective credit.

For questions about Mathematics offerings, please contact Kathleen.Mauseth@ops.org
Students develop cognitively, socially and emotionally along different time and interest continuums. For students who are willing and interested in advanced coursework, but do not meet the course prerequisites, an exception may be requested through a conversation involving building staff, parents/guardians, and the student.

+ Course may be eligible for Dual Enrollment at Omaha area colleges.

### Pre-Algebra 1-2 (040161/040162)
This course is designed to meet the needs of the student who will benefit from a transition course which bridges the similarities of arithmetic and algebra. This course will contain spiraling reinforcement of basic algebraic concepts and topics in order to prepare students for successful placement in Algebra 1-2. This course will cover the content standards for pre-algebra, including operations on real numbers, conversions among fractions, decimals, and percentages, solving linear equations and inequalities, graphing linear equations, working with polynomials, and using measures of central tendency to interpret data.

**Prerequisite:** None  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

### Algebra 1-2 (040271/040272)
This course is a first-year algebra survey. It covers traditional algebra topics including a study of the four basic operations dealing with signed numbers and polynomials, solution of first and second degree equations, verbal problems, systems of linear equations, graphing and writing linear equations and inequalities, and simplifying exponential expressions.

**Prerequisite:** None  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

### Honors Algebra 1-2 (040281/040282)
This course is the honors section of Algebra 1-2. It covers traditional algebra topics including operations with signed numbers and polynomials, solving first- and second-degree equations, verbal problems, and systems of linear equations, graphing and writing linear equations and inequalities, and simplifying exponential expressions. As an honors class, these topics will be covered in greater depth and with enrichment.

**Prerequisites:** Any one of the following*: 1.) Grade of “A” in Pre-Algebra 1 and 2. 2) MAP Math score at or above a score determined by District Math Supervisor. 3.) Orleans-Hanna Algebra Prognosis Test Score at or above 75  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9

### Geometry 1-2 (040351/040352)
This course is a complete study of geometry. Topics include congruence and similarity of figures, parallelism and perpendicularity, right triangle relationships, formal and informal proofs, coordinate geometry, properties of polygons and circles, and perimeter, area, and volume of two- and three-dimensional figures.

**Prerequisite:** Successful completion of both semesters of Algebra 1-2  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

### MCC Modular Math 0910 Pre-Algebra (049141)
This course presents basic computational skills for either review or initial mastery by the students. Topics include fractions, decimals, ratios, proportions, operations with integers, and basic study skills for mathematical problem-solving and estimation. This course is graded as pass/fail.

**Prerequisite:** Desire to pursue two- or four-year degree, ACT Math score between 14-21, High School Cumulative GPA of 2.0 or higher, Must have good attendance record, is self-motivated and able to work independently.  
**Duration:** 1 Semester  
**Credit:** 1 credit per semester  
**Grade Level:** 12

### MCC Modular Math 0930 Intermediate Algebra Part 1 (049151)
This course is for students who need to learn basic algebra skills. Topics include positive and negative real numbers, solving linear equations and inequalities, and applications of linear equations. This course is graded as pass/fail.

**Prerequisite:** Desire to pursue two- or four-year degree, ACT Math score between 14-21, High School Cumulative GPA of 2.0 or higher, Must have good attendance record, is self-motivated and able to work independently.  
**Duration:** 1 Semester  
**Credit:** 1 credit per semester  
**Grade Level:** 12
Topics include integer exponents, operations with polynomials, factoring, rational expressions, equations of lines, and graphing of equations and inequalities. This course is graded as pass/fail.

**Prerequisite:** Desire to pursue two- or four-year degree, ACT Math score between 14-21, High School Cumulative GPA of 2.0 or higher, Must have good attendance record, is self-motivated and able to work independently.

**Duration:** 1 Semester  
**Credit:** 1 credit per semester  
**Grade Level:** 12

**^HONORS GEOMETRY 1-2**  
040361/040362

This course is the honors section of Geometry 1-2. Topics include congruence and similarity of figures, parallelism and perpendicularity, right triangle relationships, formal and informal proofs, coordinate geometry, properties of polygons and circles, and perimeter, area, and volume of two- and three-dimensional figures. As an honors class, each topic will be covered in greater depth and with enrichment.

**Prerequisites:** Any one of the following*: 1.) Grade of “A” in Algebra 1 and 2. 2.) Grade of “B” or higher in Honors Algebra 1 and 2. 3.) MAP Math score at or above a score determined by District Math Supervisor.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10

**ALGEBRA 3-4**  
040291/040292

This course covers the topics of a traditional second-year algebra course. Content includes solving polynomial equations as well as linear, absolute value, and quadratic equations and inequalities, and working with exponents and logarithms, complex numbers, systems of equations and inequalities, and simple probability. Appropriate technology will be used to assist in instruction and learning.

**Prerequisites:** Successful completion of both semesters of Algebra 1-2 with passing grades.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 10, 11, 12

**^HONORS ALGEBRA 3-4**  
040301/040302

This is the honors section of Algebra 3-4. As such the topics and concepts will be covered in more depth, and additional content is present as well. This course covers the topics of a traditional second-year algebra course. Content includes solving polynomial equations as well as linear, absolute value, and quadratic equations and inequalities, and working with exponents and logarithms, complex numbers, systems of equations and inequalities, matrix algebra and matrix solutions to systems of equations, series and sequences, and compound probability. Appropriate technology will be used to assist in instruction and learning.

**Prerequisites:** Any one of the following*: 1.) Grade of “A” in Algebra 1 and 2 or Geometry 1 and 2. 2.) Grade of “B” or higher in Honors Algebra 1 and 2 or Honors Geometry 1 and 2. 3.) MAP Math score at or above a score determined by District Math Supervisor.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

**CONSUMER MATH 1-2**  
040681/040682

This course is for seniors only. It is designed to help students develop an understanding of the reasons for and the benefits derived from taxes, the services available from banks and other lending institutions, the workings of insurance, and the basic concepts of consumer credit. The skills obtained in this course will help students become mathematically knowledgeable citizens.

**Prerequisites:** Algebra 1-2

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 12 (Graduating in May)

**+MCC MODULAR MATH 1240 APPLIED MATHEMATICS**  
049131

Students develop and apply mathematical skills needed to solve problems related to industrial occupations. Topics include applications of arithmetic skills, measurement, elementary algebra, geometry, and trigonometry. This course is graded as pass/fail.

**Prerequisite:** Desire to pursue two- or four-year degree, ACT Math score between 14-21, High School Cumulative GPA of 2.0 or higher, Must have good attendance record, is self-motivated and able to work independently.

**Duration:** 1 Semester  
**Credit:** 1 credit per semester  
**Grade Level:** 12
This course extends basic algebra skills and provides the background necessary for further mathematics courses. Topics include linear, quadratic, polynomial, radical, and rational equations; systems of linear equations; rational exponents and polynomial factoring; rational and radical expressions; complex numbers; and graphs of linear and quadratic equations. This course is graded as pass/fail.

**Prerequisite:** Desire to pursue two- or four-year degree, ACT Math score between 14-21, High School Cumulative GPA of 2.0 or higher, Must have good attendance record, is self-motivated and able to work independently.

**Duration:** 1 Semester  
**Credit:** 1 credit per semester  
**Grade Level:** 12

**MATH ANALYSIS 1-2**  
041231/041232

Math Analysis is a full-year terminal math course for students who have reached proficiency in advanced algebra topics but have no intention of pursuing math- or science-related fields of study in post-secondary school. The course content includes Critical Thinking, Set Theory, Number Theory, Functions, Measurement, Personal Finance, Combinatorics, Probability, Statistics, and Logic.

**Prerequisites:** Algebra 3-4

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 12

**PROBABILITY & STATISTICS 1-2**  
040501/040502

This course offers a study of statistical methods and would be of use for any student planning to pursue professional study in medicine, biology, sociology, psychology, economics, or business. The content includes permutations, combinations, axiomatic probability, organizing and reporting data, binomial and normal distributions, sampling distributions, hypothesis testing, and confidence intervals.

**Prerequisites:** Algebra 3-4

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 11, 12

**PRECALCULUS/TRIGONOMETRY 1-2**  
040381/040382

This course includes topics of mathematics that are necessary for the successful study of calculus. Topics include polar coordinates, right triangle trigonometry, circular functions, logarithms, and graphs of rational and polynomial relations and functions.

**Prerequisites:** Successful completion of both semesters of Algebra 3-4.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 11, 12

**HONORS PRECALCULUS/TRIGONOMETRY 1-2**  
040411/040412

This course is the honors section of Pre-calculus/trigonometry. This course includes topics of mathematics that are necessary for the successful study of calculus. Topics include polar coordinates, right triangle trigonometry, circular functions, logarithms, and graphs of rational and polynomial relations and functions.

**Prerequisites:** *Proficient or advanced grades in both semesters of Honors Algebra 3-4, or advanced grades in both semesters of Algebra 3-4 and teacher recommendation.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

**+ADVANCED PLACEMENT STATISTICS 1-2**  
040841/040842

This is a course in statistics that covers the topics in the syllabus published by the College Board. College credit and placement depend on the individual college. This statistics class will introduce students to the major concepts and tools for collecting, analyzing, and drawing conclusions from data. Students are exposed to four broad conceptual themes: Exploring Data, Planning a Study, Anticipating Patterns, and Statistical Inference. This course is equivalent to a one-semester, introductory, non-calculus based college course in statistics. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

**Prerequisites:** *Proficient or advanced grades in both semesters of Pre-calculus/Trigonometry 1-2 or teacher recommendation.

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 11, 12
+ADVANCED PLACEMENT CALCULUS AB 1-2  040451/040452
This course follows the College Board’s Advanced Placement syllabus for Calculus AB, which stresses the concept of limit and introduces the student to differential and integral calculus, including both theorems and techniques. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.
Prerequisites: Proficient or advanced grades in both semesters of Honors Pre-calculus/Trigonometry 1-2 or teacher recommendation.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

+ADVANCED PLACEMENT CALCULUS BC 1-2  040461/040462
This course follows the College Board’s Advanced Placement syllabus for Calculus BC, which includes functions, graphs, limits, derivatives, integrals, polynomial approximations, and series. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.
Prerequisites: Students enrolling in this course should have proficient or advanced grades in both semesters of Honors Pre-calculus/Trigonometry or teacher recommendation.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

HONORS CALCULUS 3  040471
Topics are from multivariable calculus and include partial derivatives, multiple integrals, and calculus of vector functions.
Prerequisites: Students enrolling in this course should have successfully completed AP Calculus BC 1-2.
Duration: 1 semester  Credit: 1 credit  Grade Level: 11, 12

HONORS DIFFERENTIAL EQUATIONS  040541
Topics include first order, linear, or homogeneous differential equations and systems; the Laplace transform; boundary value problems; series and numerical solutions; and nonlinear systems.
Prerequisites: Students enrolling in this course should have successfully completed AP Calculus BC 1-2.
Duration: 1 semester  Credit: 1 credit  Grade Level: 11, 12
OPS Modular Math Dual Enrollment

OPS Modular Math Dual Enrollment is a program offered through Metropolitan Community College and is designed to equip high school seniors with the math skills necessary to successfully enter a college level math class after graduation. Students attend an MCC Modular Math class as part of their regular high school schedule, however, the course is a self-paced curriculum delivered in an online format. Upon successful completion, students will have earned both OPS high school credit as well as Metropolitan Community College credits.

Courses Available:
After students select to enroll in MCC Modular Math, they can choose from two sequences of courses:
The first sequence is recommended for students planning to pursue a 4-year college degree:

<table>
<thead>
<tr>
<th>MCC Course Title</th>
<th>OPS Course Title (Course Number)</th>
<th>OPS Credit Type</th>
<th>MCC Credit Equivalence</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 0910* – Pre-Algebra</td>
<td>MCC Modular Math 0910 (049141)</td>
<td>1 Elective</td>
<td>5.0 credits</td>
</tr>
<tr>
<td>MATH 0930* – Intermediate Algebra Part I</td>
<td>MCC Modular Math 0930 (049151)</td>
<td>1 Elective</td>
<td>4.0 credits</td>
</tr>
<tr>
<td>MATH 0931 – Intermediate Algebra Part II</td>
<td>MCC Modular Math 0931 (049031)</td>
<td>1 Elective</td>
<td>4.5 credits</td>
</tr>
<tr>
<td>MATH 1315 – College Algebra</td>
<td>MCC Modular Math 1315 (049041)</td>
<td>1 Math</td>
<td>4.5 credits</td>
</tr>
</tbody>
</table>

The second sequence is recommended for students planning to pursue a 2-year associate’s degree:

<table>
<thead>
<tr>
<th>MCC Course Title</th>
<th>OPS Course Title (Course Number)</th>
<th>OPS Credit Type</th>
<th>MCC Credit Equivalence</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 0910* – Pre-Algebra</td>
<td>MCC Modular Math 0910 (049141)</td>
<td>1 Elective</td>
<td>5.0 credits</td>
</tr>
<tr>
<td>MATH 1240 – Technical Mathematics</td>
<td>MCC Modular Math 1240 (049401)</td>
<td>1 Elective</td>
<td>4.5 credits</td>
</tr>
<tr>
<td>OR</td>
<td>MCC Modular Math 1220 (049201)</td>
<td>1 Math</td>
<td>4.5 credits</td>
</tr>
</tbody>
</table>

*Students may place out of this course based on an ACT score or pre-test score.

How do students register?
Students register with their school counselor when they register for their other senior year courses.

Are there any fees?
There are no fees for students. The cost of the course and dual enrollment is funded by the Peter Kiewit Foundation. The cost equivalent that is covered by the funder is approximately $1000.

What is dual enrollment?
Dual enrollment is a term used for courses that simultaneously earn a student credit at high school and at a partner institution such as Metropolitan Community College.

Are all MCC Modular Math students dual enrolled?
Yes. All students that are enrolled in OPS MCC Modular Math are automatically dual enrolled with Metropolitan Community College.

Are there any prerequisites or requirements for students to enroll in MCC Modular Math?
The following are recommended guidelines for students who wish to enroll in OPS MCC Modular Math:
- Have earned six math credits by the end of their junior year
- Have an ACT math score between 14-21 and/or current high school GPA of 2.0 or higher
- Have good attendance and be able to work independently
- Have a desire and/or interest in pursuing a 2-year or 4-year degree

Can Career Center students enroll in OPS MCC Modular Math?
Yes, OPS MCC Modular Math is available at the Career Center or at a student’s home school.

How can students learn more about these MCC Modular Math courses and other courses offered through Metropolitan Community College?
Students can search “math” at https://mycatalog.mccneb.edu/ to find full descriptions of the MCC Modular Math courses or choose a different search term if interested in other courses that MCC has to offer.
JROTC Mission—"To motivate young people to be better citizens."

**JROTC Objectives:**
- Educate students to succeed in high school and life beyond high school.
- Build teamwork – stress seven values through a simple acronym for leadership: (LDRSHIP) – Loyalty, Duty, Respect, Selfless service, Honor, Integrity, and Personal courage.
- Challenge students to make goals in life, to make a plan to attain those goals, and to provide direction as required so students achieve their goals.
- Provide students with leadership responsibilities and opportunities as members of the class.
- Conduct hands-on interactive learning and most importantly, have fun doing so.

**JROTC Curriculum:**
- The curriculum is designed to teach high school students the value of citizenship, leadership, service to the community, personal responsibility, and a sense of accomplishment, while instilling in them self-esteem, teamwork, and self-discipline.
- The curriculum prepares students for responsible leadership roles while making them aware of their rights, responsibilities, and privileges as American citizens.
- The program is a stimulus for promoting graduation from high school, and it provides instruction and rewarding opportunities that benefit the student and community.
The JROTC program is designed to help develop strong leaders and model citizens. First year Cadets will be introduced to JROTC Foundations the mission of the program and how it helps prepare you for personal success and active citizenship. Personal Growth and Behaviors focuses on your behavioral preferences, interpersonal skills and strategies to help build your personal success in the classroom, the JROTC program, and your community. Team Building introduces you to the discipline and structure of military drill. Your individual role responding to commands and moving with precision is essential when participating in drill exercises at future competitions or community events. Decision Making introduces you to a process and system for addressing goals and handling conflict, both internal and with others. Health and Fitness looks at stress and its effect on your health. Physical fitness is one effective strategy for maintaining health and is an essential component of the JROTC program. Service Learning you will learn the features and benefits of service learning for your community, yourself, and your program. This course is also a substitute course for physical education.

Prerequisite: None

Duration: 1 year  
Credit: 1 credit per semester

Notes: All enrolled cadets are required to wear the Army Junior ROTC uniform at least once a week, during the school day, or, as specified by the Senior Army Instructor.

All cadets are required to participate in the Junior ROTC physical fitness program and other activities. This course counts as a physical education credit.

HONORS JROTC 1-2: LEADERSHIP EDUCATION AND TRAINING I (LET 1) 070641/070642

The JROTC program is designed to help develop strong leaders and model citizens. First year Cadets will be introduced to JROTC Foundations the mission of the program and how it helps prepare you for personal success and active citizenship. Personal Growth and Behaviors focuses on your behavioral preferences, interpersonal skills and strategies to help build your personal success in the classroom, the JROTC program, and your community. Team Building introduces you to the discipline and structure of military drill. Your individual role responding to commands and moving with precision is essential when participating in drill exercises at future competitions or community events. Decision Making introduces you to a process and system for addressing goals and handling conflict, both internal and with others. Health and Fitness looks at stress and its effect on your health. Physical fitness is one effective strategy for maintaining health and is an essential component of the JROTC program. Service Learning you will learn the features and benefits of service learning for your community, yourself, and your program. This course is also a substitute course for physical education.

Prerequisite: None

Duration: 1 year  
Credit: 1 credit per semester

Notes: All enrolled cadets are required to wear the Army Junior ROTC uniform at least once a week, during the school day, or, as specified by the Senior Army Instructor.

All cadets are required to participate in the Junior ROTC physical fitness program and other activities. This course counts as a physical education credit.

JROTC 3-4 LEADERSHIP EDUCATION AND TRAINING II (LET2) 070821/070822

The Developing Leader

The JROTC program is designed to help develop strong leaders and model citizens. As a second-year Cadet you'll continue to build on LET I knowledge and skills and find yourself being introduced to new content that will help you develop as a leader in the program, your school, and community. The new knowledge, skills, and abilities you will acquire your second year: Leadership introduces you to the elements, attributes, competencies and styles that leaders strive to use and develop within teams. You will learn to recognize the importance of leadership in setting goals and improving results. Personal Growth and Behaviors will continue to build on LET 1 competencies, while focusing on who you are and what you stand for. You'll work on strengthening communication skills essential in all walks of life. Team Building continues to build on drill and ceremony protocol. In LET 2, you will look at the attributes of a drill leader and the types of drill commands to oversee a team or squad leader. First Aid provides you with an introduction to first aid for emergencies and common injuries. As a leader, you may encounter a situation where first aid knowledge is necessary. Decision Making will expose you to the reality of bullying. You'll learn about the types of bullying and intervention strategies to help deter or prevent violence in schools. Health and Fitness is a necessary element of the JROTC program. All Cadets are required, as they are able, to participate in the Cadet Challenge physical fitness competition. You will look more closely at the elements of good health, including nutrition and what you eat, exercise, and sleep. Your choice to pursue a healthy lifestyle can be contagious to your peers and is the mark of leadership. Service Learning is a required component of the JROTC program. In Leadership Education Training (LET) 2, you will participate in service learning and evaluate its effectiveness. Citizenship and Government will encourage you to evaluate the important aspects of a democratic government and the rights of citizens, as introduced and interpreted in the U.S. Constitution. This course is also a substitute course for physical education.
All cadets are required to participate in the Junior ROTC physical fitness program and other activities. This course counts as a physical education credit.

HONORS JROTC 3-4: LEADERSHIP EDUCATION AND TRAINING II (LET2) 070621/070622

The Developing Leader
The JROTC program is designed to help develop strong leaders and model citizens. As a second-year Cadet you'll continue to build on LET I knowledge and skills and find yourself being introduced to new content that will help you develop as a leader in your program, your school, and community. The new knowledge, skills, and abilities you will acquire your second year: Leadership introduces you to the elements, attributes, competencies and styles that leaders strive to use and develop within teams. You will learn to recognize the importance of leadership in setting goals and improving results. Personal Growth and Behaviors will continue to build on LET 1 competencies, while focusing on who you are and what you stand for. You'll work on strengthening communication skills essential in all walks of life. Team Building continues to build on drill and ceremony protocol. In LET 2, you will look at the attributes of a drill leader and the types of drill commands to oversee a team or squad leader. First Aid provides you with an introduction to first aid for emergencies and common injuries. As a leader, you may encounter a situation where first aid knowledge is necessary. Decision Making will expose you to the reality of bullying. You'll learn about the types of bullying and intervention strategies to help deter or prevent violence in schools. Health and Fitness is a necessary element of the JROTC program. All Cadets are required, as they are able, to participate in the Cadet Challenge physical fitness competition. You will look more closely at the elements of good health, including nutrition and what you eat, exercise, and sleep. Your choice to pursue a healthy lifestyle can be contagious to your peers and is the mark of leadership. Service Learning is a required component of the JROTC program. In Leadership Education Training (LET) 2, you will participate in service learning and evaluate its effectiveness. Citizenship and Government will encourage you to evaluate the important aspects of a democratic government and the rights of citizens, as introduced and interpreted in the U.S. Constitution. This course is also a substitute course for physical education.

Prerequisite: Successful completion of JROTC 1-2 (LET 1)
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11, 12
Notes: All enrolled cadets are required to wear the Army Junior ROTC uniform at least once a week, during the school day, or, as specified by the Senior Army Instructor.
All cadets are required to participate in the Junior ROTC physical fitness program and other activities. This course counts as a physical education credit.

HONORS JROTC 5-6 LEADERSHIP EDUCATION AND TRAINING III (LET 3) 070751/070752

The Supervising Cadet
The JROTC program is designed to help develop strong leaders and model citizens. As a third-year Cadet, you'll continue to build on LET I and II knowledge and skills and find yourself being introduced to new content that will help you develop your supervisory skills and abilities. The knowledge, skills, and abilities you will acquire this year: Leadership learning experiences provide you with opportunities to supervise others, make leadership decisions, and assess your own management style. You will learn to take on more responsibilities in your battalion by working on project plans and continuous improvement. Personal Growth and Behaviors will help prepare you for necessary decisions about your future education. You'll explore the education requirements of your desired career goals and research how to financially obtain them. You'll learn time management strategies, essential skills in all leaders. Team Building continues to build on drill and ceremony protocol. You will analyze the duties of a platoon leader or sergeant and focus on the skills and abilities for executing platoon drills. Decision Making will help expose you to the common stereotypes, relationship conflicts, and prejudice of our society. You'll explore strategies for neutralizing prejudice in your own relationships and how to develop negotiating strategies to help others resolve conflicts. Health and Fitness will focus on the troubling effects of drugs, tobacco, and alcohol on today's society. You'll identify substance abuse behaviors and its impact on health and learn strategies for responding appropriately to abusers. Service Learning you will move from participating and evaluating service-learning projects to playing a key role in service-learning planning and implementation. Citizenship and Government will look more deeply at the definition of a citizen and your responsibility and role as a contributing member of a strong community.

Prerequisites: JROTC 3-4, Requires instructor approval
Duration: 1 year Credit: 1 credit per semester Grade Level: 11, 12
Notes: All enrolled cadets are required to wear the Army Junior ROTC uniform at least once a week, during the school day, or, as specified by the Senior Army Instructor.
All cadets are required to participate in the Junior ROTC physical fitness program and other activities. This course counts as a physical education credit.
The Managing Leader

The JROTC program is designed to help develop strong leaders and model citizens. As a fourth-year Cadet, you'll continue to build on the LET I-III knowledge and skills and find yourself being introduced to new content that will help you continue to lead others in your battalion. The knowledge, skills, and abilities you will acquire your senior year: Leadership learning experiences provide you with a unique opportunity to look at the role of leadership in continuous improvement. You’ll take a look at the big picture of the JROTC program and how its outcomes relate to leadership. Additionally, you’ll explore strategies for teaching and mentoring others. Personal Growth and Behaviors continues to help you think and plan for your future with topics such as personal independence, the importance of personal accountability, and professional development. Team Building continues to build on drill and ceremony protocol. You will look at the tactics for motivating others and how they translate into other areas of leadership. Additionally, you’ll explore the elements of a communication model and how to overcome barriers of communication. In Service Learning you will manage a service-learning project within a unit or the entire battalion. You’ll be introduced to project management processes and management tools. Citizenship and Government exposes you to the challenges that face fundamental principles of society today. You will discuss topics to encourage you, as a citizen, to think about the future of citizen rights. Leadership laboratories for the practical application of learning are a key part of the course.

Prerequisites: JROTC 5-6, Requires instructor approval
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 12
Notes: All enrolled cadets are required to wear the Army Junior ROTC uniform at least once a week, during the school day, or, as specified by the Senior Army Instructor.

All cadets are required to participate in the Junior ROTC physical fitness program and other activities. This course counts as a physical education credit.

BASIC COLOR GUARD 1-2 220440/220441

This is a Beginning Class in U.S. Army Regulation Drill. Students taking this course will receive instruction in the history and purpose of Regulation Drill, and its application in the organization and conduct of Color Guard Drill, Regulation Unarmed, and Armed Drill, and Drill with Sabers. Emphasis will be on learning the finer details of drill to prepare for ceremonies, exhibition and competition, and to prepare cadets to become drill team commanders. Students taking this course will be expected to participate as members of JROTC Color Guard and Drill Teams which will require before and after school practices and attendance at scheduled drill team competition events on weekends.

Prerequisites: Must be enrolled in a JROTC LET Course and have instructor permission.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9, 10, 11, 12

INTERMEDIATE COLOR GUARD 3-4 220442/070630

This is an Intermediate Class in U.S. Army Regulation Drill. Students taking this course will receive instruction in the history and purpose of Regulation Drill, and its application in the organization and conduct of Color Guard Drill, Regulation Unarmed, and Armed Drill, and Drill with Sabers. Emphasis will be on learning the finer details of drill to prepare for ceremonies, exhibition and competition, and to prepare cadets to become drill team commanders. Students taking this course will be expected to participate as members of JROTC Color Guard and Drill Teams which will require before and after school practices and attendance at scheduled drill team competition events on weekends.

Prerequisites: Must be enrolled in a JROTC LET Course and have instructor permission.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

COLOR GUARD COURSE 5-6 070631/070632

This is an Advanced Class in U.S. Army Regulation Drill. Students taking this course will receive instruction in the history and purpose of Regulation Drill, and its application in the organization and conduct of Color Guard Drill, Regulation Unarmed, and Armed Drill, and Drill with Sabers. Emphasis will be on learning the finer details of drill to lead ceremonies, exhibition and competition, and to prepare other cadets to become drill team commanders. Students taking this course will participate as members of JROTC Color Guard and Drill Teams which will require before and after school practices and attendance at scheduled drill team competition events on weekends.

Prerequisites: Must be enrolled in a JROTC LET / Course Requires Instructor Permission
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11, 12
BEGINNING MARKSMANSHIP 1-2  070780/070781
Detailed instruction in the art of precision rifle marksmanship and safety under the supervision of instructors certified in the Civilian Marksmanship Program and Safety Certified by U.S. Army Cadet Command. This is instruction in Olympic style marksmanship techniques and competition. Small caliber Air Rifles are used in this instruction. Students must be mature, highly motivated, dedicated, and self-disciplined. Students in this course will be expected to participate as members of the Varsity or Junior Varsity Marksmanship Teams.

Prerequisites: Must be enrolled in a JROTC LET Course
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

INTERMEDIATE MARKSMANSHIP 3-4  071051/071052
This is a continuation of the Beginning Marksmanship Course. Detailed instruction in the art of precision rifle marksmanship and safety under the supervision of instructors certified in the Civilian Marksmanship Program and Safety Certified by U.S. Army Cadet Command. This is instruction in Olympic style marksmanship techniques and competition. Small caliber Air Rifles are used in this instruction. Students must be mature, highly motivated, dedicated, and self-disciplined. Students in this course will be expected to participate as members of the Varsity or Junior Varsity Marksmanship Teams.

Prerequisites: Beginning Marksmanship, must be enrolled in a JROTC LET Course, and requires Instructor permission.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12

ADVANCED MARKSMANSHIP 5-6  070790/070791
Further individualized detailed instruction in precision rifle marksmanship techniques. The focus is on developing a precision expert marksman. This is instruction in Olympic style marksmanship techniques and competition. Small caliber Air Rifles are used in this instruction. Students must be mature, highly motivated, dedicated, and self-disciplined. Students in this course will be expected to participate as members of the Varsity or Junior Varsity Marksmanship Teams.

Prerequisites: Intermediate Marksmanship, must be enrolled in a JROTC LET Course, and requires Instructor permission.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11, 12

*If you complete three or more years of junior ROTC, you may be able to enter the Army as an E-3 private first class. Those completing two or more years of post-secondary vocational-technical training, with a certificate of completion, also qualify for Army enlistment at E-3.
All physical education classes are coeducational. Courses are offered on a semester basis. A wide variety of classes are offered so that students can learn physical forms of recreation for lifetime leisure enjoyment. All students must successfully complete 4 semesters of Physical Education in order to graduate from Burke. All students are strongly encouraged to successfully complete the General Physical Education class during their first year at Burke. Passing this course is a prerequisite for taking all other Physical Education electives. Due to limited facilities, when a student has completed 4 semesters of Physical Education classes, he/she must obtain department permission to take additional semesters in the Physical Education Department.

Our physical education curriculum is based on participation. Credit is earned based on the student being physically present, in physical education attire, and being capable of performing basic physical education activities. If a student is physically incapable of performing basic functions in that activity for more than a period of 15 school days in one semester, that student will be recommended for removal from class. It maintains a fair and impartial standard of earning credit. In the best interest of the student’s health, we encourage good, open communication among all parties: student, parent, teacher, and doctor. Clarification of what is and is not physically possible is important. Often all can agree on how to maintain credit without harming the student’s health. Any unusual situations that keep the students out of school or out of an activity for an extended period of time, could be appealed to the Academic Director for consideration. However, sometimes the limitations and class time missed are too numerous to adequately earn credit. Prompt communication with the teacher and the Academic Director is essential.

**PHYSICAL EDUCATION 1-2**

This course involves students in the development of personal fitness and participation in a variety of sports, games, and dance activities. Aquatics are taught where facilities permit.

*Prerequisite:* None  
*Duration:* 1 year  
*Credit:* 1 credit per semester  
*Grade Level:* 9, 10, 11, 12

For questions about Physical Education offerings, please contact: 
Jodi.Nielsen@ops.org
# SWIM/AQUATICS 1

This course is instruction in American Red Cross aquatics

**Prerequisite:** None  
**Duration:** 1 semester  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10, 11, 12

# AEROBICS 1-2

This course provides class activities designed for improvement in cardio-respiratory endurance, flexibility, and muscular development. Activities may include jogging, power walking, water exercise, step aerobics, line dancing, physical fitness, goal-setting and nutritional planning.

**Prerequisite:** Successful completion of Physical Ed 1-2  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 10, 11, 12

# LIFETIME SPORTS 1-2

This course provides instruction in activities that students may participate in throughout their lives. These may include: archery, badminton, bowling, golf, ultimate Frisbee, volleyball, softball, tennis, and fitness development. Aquatics are included where facilities permit.

**Prerequisite:** Successful completion of Physical Ed 1-2  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 10, 11, 12

# LIGHT WEIGHT TRAINING/CONDITIONING 1-2

This course emphasizes improvement in muscular endurance, strength and power. Proper lifting techniques are taught through the use of light weights and high repetitions. Healthy living concepts, such as proper nutrition and stress reduction, will be a part of class discussions. A fitness unit will be taught.

**Prerequisites:** Successful completion of Physical Ed 1-2, PE Teacher recommendation  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 10, 11, 12

# WEIGHT TRAINING/CONDITIONING 1-2

This course provides instruction in proper techniques using free weights and machines, as well as other fitness activities, to improve strength, flexibility and aerobic capacity.

**Prerequisites:** Successful completion of Physical Ed 1-2, PE Teacher recommendation  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 10, 11, 12

# ADVANCED WEIGHT TRAINING/CONDITIONING 1-2 (ZERO HOUR)

This is the second year class that expands instruction in strength, flexibility and aerobic training.

**Prerequisites:** PE Teacher recommendation and successful completion of Weight Training/Conditioning 1-2 or Light Weight Training/Conditioning 1-2  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 11, 12

# ADVANCED WEIGHT TRAINING/CONDITIONING

This is a second year class that expands instruction in strength, flexibility and aerobic training.

**Prerequisites:** PE Teacher recommendation and successful completion of Weight Training/Conditioning 1-2 or Light Weight Training/Conditioning 1-2  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 11, 12

# ADVANCED SWIMMING & AQUATICS

The purpose of this course is to provide lifeguard candidates and lifeguards with the skills and knowledge needed to prevent and respond to aquatic emergencies. Students will learn CPR as well as first aid. Students must be able to complete two swimming prerequisites in order to participate in the course.

**Prerequisites:** Teacher recommendation, must be 15 years old AND meet Red Cross requirements for lifeguard training.  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 10, 11, 12

# SPORTS OFFICIATING

This course is designed to offer students the coursework and experience to officiate in a variety of major sports including, but not limited to, basketball, football, volleyball, baseball/softball, and soccer.

**Prerequisites:** C or higher in Physical Education 1-2 or Instructor Approval  
**Duration:** 1 semester  
**Credit:** 1 credit  
**Grade Level:** 10, 11, 12
The Science course in which a student is enrolled in Freshmen year is determined by several factors including, but not limited to:

Previous science courses and grades earned, science test scores, and Teacher Recommendations.

Once a student is placed Freshmen year, they should follow the Science Course sequence diagram below:

For questions about Science offerings, please contact Kathleen.Mauseth@ops.org
**SCIENCE**

Students develop cognitively, socially and emotionally along different time and interest continuums. For students who are willing and interested in advanced coursework, but do not meet the course prerequisites, an exception may be requested through a conversation involving building staff, parents/guardians, and the student.

+ Course may be eligible for Dual Enrollment at Omaha area colleges.

</thead>
</table>
| **PHYSICAL SCIENCE 1-2** | 060501/060502 | Physical Science is an inquiry-based course designed to expose students to selected concepts in chemistry, physics, earth, and space science. Topics include matter, energy, forces and motion, Earth in space, and Earth structures and processes. This course provides a foundation for other science courses and meets the district requirement for physical science.  
**Prerequisite:** None  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9 |
| **^HONORS PHYSICAL SCIENCE 1-2** | 060531/060532 | Physical Science is an inquiry-based course designed to expose students to selected concepts in chemistry, physics, earth, and space science. Topics include matter, energy, forces and motion, Earth in space, and Earth structures and processes. This course provides a foundation for other science courses and meets the district requirement for physical science. Students enrolled in honor courses have additional experiences that require a more rigorous program of study.  
**Prerequisites:** Any one of the following*: 1.) Grades of "B" or higher in Science 8 1 and 2 AND concurrent enrollment in Algebra 1-2 or higher math course. 2.) MAP Math Score at or above a score determined by District Math Supervisor AND MAP Science Score at or above a score determined by District Science Supervisor.  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9 |
| **BIOLOGY 1-2** | 060411/060412 | This course engages students in inquiry-based problem solving as they investigate biological issues that are relevant to their daily lives. Topics of study include: the cell; the molecular basis of heredity; biological evolution; the interdependence of organisms; and matter, energy, and organization in living systems. This course meets the district requirement for biology.  
**Prerequisites:** Students should have completed both semesters of Physical Science 1-2, or concurrent enrollment.  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 10 |
| **^HONORS BIOLOGY 1-2** | 060431/060432 | This course engages students in inquiry-based problem solving as they investigate biological issues that are relevant to their daily lives. Topics of study include: the cell; the molecular basis of heredity; biological evolution; the interdependence of organisms; and matter, energy, and organization in living systems. This course meets the district requirement for biology. Students enrolled in honor courses have additional experiences that require a more rigorous program of study.  
**Prerequisites:** Any one of the following*: 1.) Grade of "A" in Physical Science 1 and 2 (Current 9th Grade Only). 2.) Grade of "B" or higher in Honors Physical Science 1 and 2. 3.) MAP Science score at or above a score determined by District Science Supervisor.  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 9, 10 |
| **ASTRONOMY** | 060801 | Astronomy is a study of the objects in the night sky, their size, motions, composition, and relation to one another. Students study the Earth-moon system, diagram objects in the solar system, explore the leading theories for the origin of the universe, and outline the life cycle of a star. Students develop techniques to help them locate and identify objects through the use of a planetarium.  
**Prerequisites:** Physical Science 1-2, Biology 1-2 or concurrent enrollment in Biology 1-2.  
**Duration:** 1 semester  
**Credit:** 1 credit  
**Grade Level:** 9, 10, 11, 12 |
HONORS ASTRONOMY 1-2 060811/060812
Honors Astronomy is a study of the objects in the night sky, their size, motions, composition, and relation to one another. Students study the Earth-moon system, diagram objects in the solar system, explore the leading theories for the origin of the universe, and outline the life cycle of a star. Students develop techniques to help them locate and identify objects through the use of a planetarium. Students enrolled in honors courses have additional experiences that require a more rigorous program of study. This course is a more in-depth study of the topics in Astronomy. Students are required to complete and present research-based projects.
Prerequisite: Physical Science 1-2 and Biology 1-2 or concurrent enrollment in Biology 1-2.
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11, 12

CHEMISTRY 1-2 060551/060552
This course engages students in both theoretical and practical problem-solving strategies as they investigate chemical issues that are relevant to their daily lives. Topics of study include laboratory processes, chemical safety, atomic structure, properties of matter, and chemical reactions. Students enrolled in honors courses have additional experiences that require a more rigorous program of study.
Prerequisite: Students should have completed Physical Science 1-2, Biology 1-2 (concurrent enrollment in Biology 1-2 is acceptable with teacher recommendation), and successful completion of, or concurrent enrollment in, Algebra 1-2.
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11, 12

HONORS CHEMISTRY 1-2 060561/060562
This course engages students in both theoretical and practical problem-solving strategies as they investigate chemical issues that are relevant to their daily lives. Topics of study include laboratory processes, chemical safety, atomic structure, properties of matter, and chemical reactions. Students enrolled in honors courses have additional experiences that require a more rigorous program of study.
Prerequisites: Physical Science 1-2, Biology 1-2 (concurrent enrollment in Biology 1-2 is acceptable with teacher recommendation), and successful completion of, or concurrent enrollment in, Algebra 1-2.
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11, 12

PHYSICS 1-2 060601/060602
This course engages students in an inquiry-based, problem-solving approach to investigate the physical laws that are fundamental to all science. Topics of study include: motion and technological design; the effects of forces on motion; the origin of the universe; conservation of energy; and the interaction of energy and matter.
Prerequisite: Physical Science 1-2, Biology 1-2 (concurrent enrollment in Biology 1-2 is acceptable with teacher recommendation), and successful completion of, or concurrent enrollment in, Geometry 1-2.
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11, 12

ENVIRONMENTAL SCIENCE 1 060351
This course will allow the student to develop insights and skills needed to make decisions regarding the environment. The class will provide the student basic knowledge on ecosystems and how they work. In addition, the student will learn how they affect the environment, what they can do to use the environment wisely, and preserve what is left. This course will include hands-on experience, simulations, and outside activities. In the end, the students will learn about the world they live in.
Prerequisites: Physical Science 1-2 and Biology 1-2
Duration: 1 semester Credit: 1 credit Grade Level: 10, 11, 12

MARINE BIOLOGY 060821
Marine Biology 1-2 provides an overview of the marine environment and includes laboratory investigations of selected topics in the content. The use of scientific method, measurement, laboratory apparatus, and safety procedures are integral components of this course. The content includes topics such as the nature of science, the origins of the oceans, chemical, physical, and geological aspects of the marine environment, ecology of various sea zones, marine communities, diversity of marine organisms, the flora and fauna of the marine environment, characteristics of major marine ecosystems, characteristics of major marine phyla/divisions, and the interrelationship between humans and the ocean. Additionally, this course provides opportunities for the students’ participation in research, experimentation, dissection, field studies, and decision-making. Selected groups of marine organisms are studied to develop an understanding of biological principles and processes that are basic to all forms of life in the sea. The ocean’s role in Earth’s climate and weather are discussed, as well as the importance of ocean currents and upwelling.
Prerequisites: Physical Science 1-2 and Biology 1-2.
Duration: 1 semester Credit: 1 credit per semester Grade Level: 10, 11, 12
HONORS MARINE BIOLOGY

Honors Marine Biology includes all of the same requirements as Marine Biology. It also includes additional course requirements of additional course unit study / or a research component. Marine Biology provides an overview of the marine environment and includes laboratory investigations of selected topics in the content. The use of scientific method, measurement, laboratory apparatus, and safety procedures are integral components of this course. The content includes topics such as the nature of science, the origins of the oceans, chemical, physical, and geological aspects of the marine environment, ecology of various sea zones, marine communities, diversity of marine organisms, the flora and fauna of the marine environment, characteristics of major marine ecosystems, characteristics of major marine phyla/divisions, and the interrelationship between humans and the ocean. Additionally, this course provides opportunities for the students’ participation in research, experimentation, dissection, field studies, and decision-making. Selected groups of marine organisms are studied to develop an understanding of biological principles and processes that are basic to all forms of life in the sea. The ocean’s role in Earth’s climate and weather are discussed, as well as the importance of ocean currents and upwelling. Students enrolled in honors courses have additional experiences that require a more rigorous program of study.

Prerequisites: Physical Science 1-2 and Biology 1-2.
Duration: 1 semester
Credit: 1 credit per semester
Grade Level: 10, 11, 12

EARTH SCIENCE 3-4

This course is an inquiry-based course that builds upon content from Nebraska's earth science standards that were introduced in the Physical Science and Biology 1-2 course sequence. Students use scientific inquiry to further explore concepts of Earth's composition and how it is studied, the history and dynamics of Earth, and the reshaping the Earth's crust, atmosphere, atmospheric forces, and oceans.

Prerequisites: Physical Science 1-2 and Biology 1-2.
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 11, 12

+HONORS NUCLEAR SCIENCE 1-2

Students will explore many aspects of energy, but concentrate on nuclear science. Topics include nuclear reactors, thermonuclear fusion, nuclear medicine, nuclear forensics, nuclear waste, space propulsion, nuclear weapons, and radiation impacts on humans. Energy topics include renewable and non-renewable energy sources, environmental impacts, sustainability, and national security with global perspectives. This course uses business, science, engineering, math, and technology to understand and solve issues related to energy and nuclear science. Applied mathematics in the areas of physics and nuclear science will be emphasized in lessons and assessments.

Prerequisites: Students should have completed Physical Science 1-2, Biology 1-2, and Algebra 3-4 with proficient or advanced grades, or Teacher Recommendation.
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 11, 12

FORENSIC SCIENCE

This course promotes active learning and emphasizes the application and integration of math, chemistry, biology, physics, and earth science. Topics covered include: The collection, handling, and examination of trace evidence such as hair, fibers, soil, pollen, and glass; fingerprint, blood, and blood splatter examination; DNA, drug and toxicology testing; handwriting and tool mark analysis; voice examination; impressions; ballistics, and forensic anthropology. *This class studies real crime scenarios and some students may find the content disturbing.

Prerequisites: Physical Science 1-2 and Biology 1-2
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 11, 12

ANATOMY & PHYSIOLOGY

This course enables students to understand the principles and structures of the human body. Students develop an understanding of the structure and function of complex human organ systems through inquiry-based laboratory experiences using up-to-date technology. This course will explore scientific and technological advances in the field of anatomy. Students will also explore career opportunities in medical and related fields. The study and application of vocabulary and terminology is an essential part of this course. Students will incorporate writing and literacy strategies into summative projects. Laboratory dissections are required.

Prerequisites: Physical Science 1-2 and Biology 1-2
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 11, 12
HONORS ANATOMY & PHYSIOLOGY 060911/060912
This course enables students to understand the principles and structures of the human body. Students develop an understanding of the structure and function of complex human organ systems through inquiry-based laboratory experiences using up-to-date technology. This course will explore scientific and technological advances in the field of anatomy. Students will also explore career opportunities in medical and related fields. The study and application of vocabulary and terminology is an essential part of this course. Students will incorporate writing and literacy strategies into summative projects. Laboratory dissections are required. Students enrolled in honors courses have additional experiences that require a more rigorous program of study.

Prerequisites: Physical Science 1-2 and Biology 1-2 with proficient or advanced grades.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11, 12

+ADVANCED PLACEMENT BIOLOGY 1-2 060471/060472
AP Biology is an introductory college-level biology course. Students cultivate their understanding of biology through inquiry-based investigations as they explore the following topics: evolution, cellular processes - energy and communication, genetics, information transfer, ecology, and interactions. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Physical Science 1-2 and Biology 1-2 with no grade less than a “c”, and teacher recommendation
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11, 12

ADVANCED PLACEMENT CHEMISTRY 1-2 060581/060582
AP Chemistry provides students with a college-level foundation to support future advanced course work in chemistry. Students cultivate their understanding of chemistry through inquiry-based investigations, as they explore topics such as: atomic structure, intermolecular forces and bonding, chemical reactions, kinetics, thermodynamics, and equilibrium. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Successful completion of Physical Science 1-2, Biology 1-2, Chemistry 1-2, Algebra 1-2, and Teacher Recommendation. Completion of, or concurrent enrollment in, Algebra 3-4 is recommended.
Duration: 1 year, Class meets every day  Credit: 1 credit per semester  Grade Level: 11, 12

+ADVANCED PLACEMENT ENVIRONMENTAL SCIENCE 1-2 060361/060362
The goal of the AP Environmental Science course is to provide students with the scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving or preventing them. Environmental science is interdisciplinary; it embraces a wide variety of topics from different areas of study. Yet there are several major unifying constructs, or themes, that cut across the many topics included in the study of environmental science. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Physical Science 1-2 and Biology 1-2. Honors Chemistry is highly recommended.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11, 12

+ADVANCED PLACEMENT PHYSICS 1 061661/061662
This year long course is the equivalent to a first semester college course in algebra-based physics. The course covers Newtonian mechanics (including rotational dynamics and angular momentum); work, energy, and power; and mechanical waves and sound. It will also introduce electric circuits. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Successful completion of Physical Science 1-2, Algebra 1-2, and Geometry 1-2. Concurrent enrollment in, or previous completion of Biology is recommended as Biology is a high school graduation requirement.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12
ADVANCED PLACEMENT PHYSICS 2

This year long course is the equivalent to a second-semester college course in algebra-based physics. The course covers fluid mechanics; thermodynamics; electricity and magnetism; optics; particle physics and nuclear physics. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Successful completion of AP Physics 1.
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 11, 12

ADVANCED PLACEMENT PHYSICS C: MECHANICS

Advanced Placement Physics C is a two-semester course for students with a strong interest and aptitude in science, mathematics, or engineering. It is designed to be equivalent to a first year college introductory physics course and follows the College Board curriculum. The primary goal of the course is to provide students with a strong conceptual understanding of physics, while developing analytical and problem-solving skills. Students improve their abilities to read, understand, and interpret physical information verbally, mathematically, and graphically. AP Physics C: Mechanics places a primary emphasis on Newtonian mechanics. The course requires and employs a basic understanding of calculus (differentiation and integration). All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Physical Science 1-2, Biology 1-2, Physics 1-2 or AP Physics 1, and completion of or concurrent enrollment in Calculus.
Duration: 1 semester
Credit: 1 credit per semester
Grade Level: 11, 12

ADVANCED PLACEMENT PHYSICS C: ELECTRICITY AND MAGNETISM

Advanced Placement Physics C is a two-semester course for students with a strong interest and aptitude in science, mathematics, or engineering. It is designed to be equivalent to a first year college introductory physics course and follows the College Board curriculum. The primary goal of the course is to provide students with a strong conceptual understanding of physics, while developing analytical and problem-solving skills. Students improve their abilities to read, understand, and interpret physical information verbally, mathematically, and graphically. AP Physics C: Electricity and Magnetism requires and employs a basic understanding of calculus (differentiation and integration). It expands and discusses in greater depth the physical concepts and skills introduced in Physics 1-2, plus additional material such as mechanics, classical electricity, and magnetism. The students become familiar with college lab equipment, experimental procedures, and exacting lab reports. Calculus is used in problem solving, derivation, and formulating principles. Advanced educational credit may be available for students who successfully pass the AP Exam. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Physical Science 1-2, Biology 1-2, Physics 1-2 or AP Physics 1, and completion of, or concurrent enrollment in, Calculus.
Duration: 1 semester
Credit: 1 credit per semester
Grade Level: 11, 12
Skilled and Technical Sciences

Students may take Skilled and Technical Sciences courses for Elective Credit.

**OPS Graduation Requirements:**
All Students Must Complete 16 Elective Credits

**CAD/Design**
- CAD/Design Engineering 1-2
  - CAD/Design Engineering 3-4
    - Honors CAD/Design Engineering 5-6
      - Honors CAD/Design Engineering 7-8

**Engineering Technology**
- Engineering Technology 1-2
  - Engineering Technology 3-4

**Industrial Materials and Processes**
- IMP 1-2
  - IMP 3-4
    - Honors IMP 5-6
      - Honors IMP 7-8

**Stagecraft**
- Course Descriptions listed in the Fine and Performing Arts Section
  - Stagecraft 1-2
    - Advanced Stagecraft 3-4

For questions about Skilled and Technical Science offerings, please contact Jodi.Nielsen@ops.org
SKILLED & TECHNICAL SCIENCES

Classes marked with an + may be eligible for Dual Enrollment at Omaha area colleges.

+CAD/DESIGN ENGINEERING 1-2 170211/170212
This course will introduce the student to basic drafting skills, technology, and introductory applications of graphic communications. The development of visualization skills, sketching, and the use of software programs used in computer aided drafting (CAD). Dual enrolled with ARCH 1100 & 1110 at Metro Community College.
Prerequisite: None
Duration: 1 year Credit: 1 credit per semester Grade Level: 9, 10, 11, 12

+CAD/DESIGN ENGINEERING 3-4 170221/170222
This course will further develop skills introduced in CAD/Design Engineering 1-2 to produce complete, accurate drawings. Applications to architecture and machine tool drawing will be emphasized. Continued development CAD skills will be stressed. Dual enrolled with ARCH 1200 at Metro Community College.
Prerequisite: CAD/Design Engineering 1-2 needed
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11, 12

HONORS CAD/DESIGN ENGINEERING 5-6 170301/170302
This course will further refine skills developed in CAD/Design Engineering 3-4 to produce drawings in either architectural or machine tool drafting. Continued development of CAD skills will be stressed.
Prerequisites: C or better in CAD/Design Engineering 3-4 needed
Duration: 1 year Credit: 1 credit per semester Grade Level: 11, 12

HONORS CAD/DESIGN ENGINEERING 7-8 170261/170262
This course provides students the opportunity to further refine their skills in either architectural or machine tool drafting using CAD. Students will produce a project that may include using 3-D design, animation, or CAD.
Prerequisites: C or better in CAD/Design Engineering 5-6 needed
Duration: 1 year Credit: 1 credit per semester Grade Level: 12

INDUSTRIAL MATERIALS AND PROCESSES 1-2 170331/170332
This course provides the opportunity for students to learn how to use hand tools and power equipment. Students will construct, assemble, and complete products using many materials and processes that permit better understanding of construction and manufacturing techniques. Projects are constructed using wood, metals, and plastics. This course requires students to pass safety tests for each unit. Without a passing grade on these tests, students cannot participate in labs and will receive a score of 0 on assignments in that unit that require the skills on the test.
Prerequisite: None
Duration: 1 year Credit: 1 credit per semester Grade Level: 9, 10, 11, 12

INDUSTRIAL MATERIALS AND PROCESSES 3-4 170351/170352
This course is an extension of Industrial Materials and Processes 1-2. In this second-year course, more advanced problems and techniques are taught. These include both individual and group activities involving production of various products. Application of knowledge and skill is emphasized. This course requires students to pass safety tests for each unit. Without a passing grade on these tests, students cannot participate in labs and will receive a score of 0 on assignments in that unit that require the skills on the test.
Prerequisite: Industrial Materials and Processes 1-2 needed
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11, 12

INDUSTRIAL MATERIALS AND PROCESSES 5-6 170401/170402
This course is an extension of Industrial Materials and Processes 3-4. In this third-year course, more advanced problems and techniques are taught. These include both individual and group activities involving production of various products. Application of knowledge and skill is emphasized. This course requires students to pass safety tests for each unit. Without a passing grade on these tests, students cannot participate in labs and will receive a score of 0 on assignments in that unit that require the skills on the test.
Prerequisites: Industrial Materials and Processes 3-4
Duration: 1 year Credit: 1 credit per semester Grade Level: 11, 12
HONORS INDUSTRIAL MATERIALS & PROC. 7-8

This course is an extension of Industrial Materials and Processes 5-6. In this fourth-year course, more advanced problems and techniques are taught. These include both individual and group activities involving production of various products. Application of knowledge and skill is emphasized. This course requires students to pass safety tests for each unit. Without a passing grade on these tests, students cannot participate in labs and will receive a score of 0 on assignments in that unit that require the skills on the test.

Prerequisites: C or better in Industrial Materials and Processes 5-6
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 12

ENGINEERING TECHNOLOGY 1-2

This course will utilize applications of science, physics, and mathematics in solving numerous unique problems. The major units of study include robotics, computer aided machines, and computer aided design, hydraulics, pneumatics, structural design, aviation, mechanical devices and word processing. Tours of industry, guest speakers and films are an integral part of the program providing a well-rounded background of modern-day technology.

Prerequisite: None
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 10, 11, 12

ENGINEERING TECHNOLOGY 3-4

This course will explore the operation of industrial computer operated machines, the design of robotic work cells, the machining of dies, and the use of computer operated design/computer operated manufacturing systems. Also, continued emphasis is placed on the basic units of study stressed in Engineering Technology.

Prerequisite: Engineering Technology 1-2 needed
Duration: 1 year
Credit: 1 credit per semester
Grade Level: 11, 12
Social Studies

Core Course Offerings
All Students Must Complete These Courses

Freshmen Year
- U.S History 1-2 OR Honors U.S. History 1-2
- Advanced Placement U.S. History 1-2
  (This Course is part of a cohort with H. Eng., 1-2)

Sophomore Year
- Human Geography OR AP Human Geography (2 Semesters)
- AND
- Intro to Economics OR Honors Intro to Economics
  OR Advanced Placement Economics (2 Semesters)

Junior Year
- Modern World History 1-2 OR Advanced Placement World History 1-2

Senior Year
- American Government OR Advanced Placement Government: U.S.

OPS Graduation Requirements:
All Students Must Complete 7 Credits of Social Studies. Any additional Soc. Studies courses may be used for elective credit.

Elective Course Offerings
Students May Choose To Take These Courses for Elective Credit

Honors Academic Decathlon 1-2
Advanced Placement Art History 1-2
AP European History 1-2
Advanced Placement Psychology 1-2
African American History
Native American Culture
Sociology
Psychology
Omaha History

For questions about Social Studies offerings, please contact Andrew.Brooks@ops.org
SOCIAL STUDIES

*Students develop cognitively, socially and emotionally along different time and interest continuums. For students who are willing and interested in advanced coursework, but do not meet the course prerequisites, an exception may be requested through a conversation involving building staff, parents/guardians, and the student.

Classes marked with an + may be eligible for Dual Enrollment at Omaha area colleges.

Social Studies Graduation Prerequisite Courses (U.S. History, Geography, Economics, World History, and Government).

As replacement for failed courses:

Students who fail Government may make up the government credit as credit recovery or repeat the course the next semester, if available. We do not allow students to retake any other courses they have failed during the day. Credit recovery must be done after school or in the summer.

UNITED STATES HISTORY 1-2 030901/030902
This course continues the study of United States history from 1914 to present. Students address the social, economic, and political development of the nation and relate it to both past and present. Instruction is organized around the themes of geography, history, economics, culture, and the elements of citizenship. Students investigate these themes using textbooks, newspapers, novels, primary sources, and technology.

Prerequisite: None
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9

HONORS UNITED STATES HISTORY 1-2 030911/030912
This course continues the study of United States history from 1914 to present. Students address the social, economic, and political development of the nation and relate it to both past and present. Instruction is organized around the themes of geography, history, economics, culture, and the elements of citizenship. Students investigate these themes using textbooks, newspapers, novels, primary sources, and technology. Honors students are expected to have above average writing skills, the ability to keep current with rigorous and challenging supplemental reading assignments, and the motivation to complete all classroom self-directed assignments. Honors students are also required to research and analyze specific concepts in United States history and relate them to current events. Concurrent enrollment in Honors English 1-2 is highly recommended.

Prerequisites: Any one of the following*: 1.) Grade of "B" or higher in Social Studies 8-1 and 2. 2.) MAP Reading score at or above a score determined by District Social Studies Supervisor.
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9

ADVANCED PLACEMENT UNITED STATES HISTORY 1-2 030341/030342
Advanced Placement United States History focuses on developing students’ understanding of American history from approximately 1491 to the present. Students investigate the content of United States history for significant events, individuals, developments, and processes in nine historical periods, and develop and use the same thinking skills and methods (analyzing primary and secondary sources, making historical comparisons, chronological reasoning, and argumentation) employed by historians when they study the past. The course also provides seven themes (American and national identity; migration and settlement; politics and power; work, exchange, and technology; America in the world; geography and the environment; and culture and society) that students explore throughout the course in order to make connections among historical developments in different times and places. This course is offered to freshmen in a cohort with Honors English 1-2. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Any two of the following*: 1.) Grade of "B" or higher in Social Studies 8-1 and 2. 2.) MAP Reading score at or above a score determined by District Social Studies Supervisor. 3.) AP Coordinator Permission
Duration: 1 year  Credit: 1 credit per semester  Grade Level: 9

HUMAN GEOGRAPHY 031011
What is HUMAN GEOGRAPHY? This course provides an effective method for studying human activities on Earth’s surface. Human interaction with one another and the environment will be studied and analyzed to provide an understanding of the world in which we live. The course is divided into four units: Population & Cultural Geography, Urban Geography, Political Geography, and Economic & Environmental Geography.

Prerequisite: None
Duration: 1 semester  Credit: 1 credit  Grade Level: 10
Advanced Placement Human Geography 1-2 introduces students to the systematic study of patterns and processes that have shaped human understanding, use, and alteration of Earth's surface. Topics are defined by the College Board and include geography, population and migration, cultural patterns and processes, political organization of space, agriculture, food production, and rural land use, industrialization and economic development, and cities and urban land use. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

**Prerequisites:** Honors or AP U.S. History, or B or better in U.S. History

**Duration:** 1 year

**Credit:** 1 credit per semester

**Grade Level:** 10, 11

**INTRO ECONOMICS**

This course examines the key concepts of economics through the study of various sectors of market systems. Fundamentals, micro, macro and international economic concepts will be presented and studies. Emphasis is given the role of the citizen in America's market structure.

**Prerequisite:** None

**Duration:** 1 semester

**Credit:** 1 credit

**Grade Level:** 10

**HONORS ECONOMICS**

Honors Economics examines the key concepts of economics through the study of various sectors of market systems. Fundamentals, micro, macro and international economic concepts will be presented and studies. Emphasis is given the role of the citizen in America's market structure. Students are required to research and analyze the structure and function of economics in the United States today. Honors students will also be expected to perform extension activities on their Curriculum Based Assessments (CBA's).

**Prerequisites:** None

**Duration:** 1 semester

**Credit:** 1 credit

**Grade Level:** 10

**ADVANCED PLACEMENT MACROECONOMICS**

Advanced Placement Macroeconomics is an introductory college-level course that focuses on the principles that apply to an economic system as a whole. The course places particular emphasis on the study of national income and price-level determination; it also develops students' familiarity with economic performance measures, the financial sector, stabilization policies, economic growth, and international economics. Students learn to use graphs, charts, and data to analyze, describe, and explain economic concepts. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum. Students taking AP Macro for Economics Graduation Requirement must also enroll in AP Microeconomics 030662.

**Prerequisites:** Honors or AP U.S. History, or B or better in U.S. History

**Duration:** 1 Semester

**Credit:** 1 credit

**Grade Level:** 10, 11, 12

**ADVANCED PLACEMENT MICROECONOMICS**

AP Microeconomics gives students a thorough understanding of the principles of economics that apply to the functions of individual decision makers, both consumers and producers, within the economic system. It places primary emphasis on the nature and functions of product markets and includes the study of factor markets and of the role of government in promoting greater efficiency and equity in the economy. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum. Students taking AP Macro for Economics Graduation Requirement must also enroll in AP Macroeconomics 030661.

**Prerequisites:** Honors or AP U.S. History, or B or better in U.S. History

**Duration:** 1 Semester

**Credit:** 1 credit

**Grade Level:** 10, 11, 12

**MODERN WORLD HISTORY 1-2**

This course explores the culture and history of people from 1000 C.E. to the present. As students examine the choices and decisions of the past, they are better able to confront today's problems and choices with a deeper awareness of the alternatives before them, and the likely consequences of each.

**Prerequisite:** None

**Duration:** 1 year

**Credit:** 1 credit per semester

**Grade Level:** 11
**ADVANCED PLACEMENT WORLD HISTORY: MODERN 1-2**  
030421/030422
Advanced Placement World History 1-2 focuses on developing students' understanding of world history from approximately 8000 BCE to the present. Students investigate the content of world history for significant events, individuals, developments, and processes in six historical periods, and develop and use the same thinking skills and methods (analyzing primary and secondary sources, making historical comparisons, chronological reasoning, and argumentation) employed by historians when they study the past. The course also provides five themes (interaction between humans and the environment; development and interaction of cultures; state building, expansion, and conflict; creation, expansion, and interaction of economic systems; and development and transformation of social structures) that students explore throughout the course in order to make connections among historical developments in different times and places encompassing the five major geographical regions of the globe: Africa, the Americas, Asia, Europe, and Oceania. Concurrent enrollment in AP English Language and Composition is highly recommended. *All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.*

**Prerequisites:** AP Human Geography, or B or better in Human Geography  
**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 11

**AMERICAN GOVERNMENT**  
030251
This course addresses the theories and practices that are the basis to our nation’s form of government. Students analyze the structure, operations, and functions of local, state, and national government in order to better prepare themselves to practice participatory citizenship as related to their responsibilities and rights as citizens.

**Prerequisite:** None  
**Duration:** 1 semester  
**Credit:** 1 credit  
**Grade Level:** 12

**ADVANCED PLACEMENT UNITED STATES GOVERNMENT & POLITICS**  
030261
Advanced Placement United States Government and Politics introduces students to key political ideas, institutions, policies, interactions, roles, and behaviors that characterize the political culture of the United States. The course examines politically significant concepts and themes, through which students learn to apply disciplinary reasoning assess causes and consequences of political events, and interpret data to develop evidence-based arguments. Concurrent enrollment in AP Literature and Composition is recommended. *All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.*

**Prerequisites:** AP World History, or B or better in World History  
**Duration:** 1 semester  
**Credit:** 1 credit  
**Grade Level:** 12

**ADVANCED PLACEMENT COMPARATIVE GOVERNMENT & POLITICS**  
030262
An Introductory college course in Comparative Government and Politics is generally one semester in length. In the subject area there is considerable variety among the courses offered by colleges. In terms of content, there is no specific college course that an AP Comparative Government and Politics must follow. Therefore, the aim of an AP course should be to provide the student with a learning experience equivalent to that obtained in most college introductory Comparative Government and Politics courses. *All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.*

**Prerequisites:** AP World History, or B or better in World History  
**Duration:** 1 semester  
**Credit:** 1 credit  
**Grade Level:** 12

**AFRICAN-AMERICAN HISTORY**  
030521
African American History examines the African American experience, including history, culture, contributions, and contemporary issues. Emphasis is placed on the contributions of African Americans in the development of an industrialized United States, as well as their importance in the historical record. This is a one-semester course.

**Prerequisite:** None  
**Duration:** 1 semester  
**Credit:** 1 credit  
**Grade Level:** 9, 10, 11, 12

**NATIVE AMERICAN CULTURE**  
031610
Developed from the Native Indian Centered Education program. This course will examine the development of Native American cultural identity through the evaluation of traditional and contemporary aspects of Northern Plains Indigenous life. This course is designed to provide a history and analyze issues facing Native American Nations with a focus on those residing in Nebraska.

**Prerequisite:** None
**ADVANCED PLACEMENT EUROPEAN HISTORY** 030321/030322

In this course, students examine the history of Europe from the time of the Plague in the 1300s to the present day. The course is taught through research, evaluation, class discussion, lecture, and discussion. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

**Prerequisite:** Honors or AP U.S. History, or B or better in U.S. History

**Duration:** 1 year (this course may be repeated for credit)  
**Credit:** 1 credit per semester  
**Grade Level:** 10, 11, 12

**ADVANCED PLACEMENT ART HISTORY** 110821/110822

In the course, students examine and critically analyze major forms of artistic expression from the past and the present from a variety of cultures. This course will emphasize understanding of how and why works of art function in context, considering such issues as patronage, gender, and the functions and effects of works of art. Students will extensively use the critical process of description, analysis, interpretation and evaluation of architecture, sculpture, painting, and other art forms within diverse historical and cultural contexts during discussions, research and writing. In this semester course, students will be introduced to the elements and principles of design and gain basic skills in art production through a variety of media. Production projects will be enhanced through discussions of art history, aesthetic and art criticism issues. Course content will cover art history from Ancient to Medieval; Renaissance to Present and cultures beyond the European artistic traditions. Course participants will be prepared, but not required, to take the Advanced Placement exam to earn college credit. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

**Prerequisite:** Honors or AP U.S. History, or B or better in U.S. History

**Duration:** 1 year  
**Credit:** 1 credit per semester  
**Grade Level:** 10, 11, 12
The AP Psychology course is designed to introduce students to the systematic and scientific study of the behavior and mental processes of human beings and other animals. Students are exposed to the psychological facts, principles, and phenomena associated with each of the major subfields within psychology. They also learn about the ethics and methods psychologists use in their science and practice. All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Completion of any Honors or AP Social Studies course

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11, 12

SPECIAL EDUCATION INFORMATION

Students with disabilities have a variety of course options at the high school level. The intent is to provide the maximum amount of participation in the general education setting through strategic interventions, collaborative teaching and direct instruction. Regular district assessments are administered. Students may participate in:

General education classes that are co-taught by a general education teacher and special education teacher. In a co-taught class, both teachers share instructional responsibilities for the students by co-planning, co-instructing and co-assessing.

A Resource Room, staffed by special education teachers and paraprofessionals, is available during the day for special education students to receive additional support with classroom work, assessments and projects.

Students with more severe disabilities may participate in an alternate curriculum focusing on alternate standards and functional living skills. Most instruction for these students is provided by a special education teacher in the core areas with the students participating in general education classes and activities as appropriate. Progress is measured using the state alternate assessment.

The following special education programs are available in our building:

BEHAVIORAL SKILLS PROGRAM (BSP)
This program focuses interventions on the social, emotional and behavioral needs of students while providing instruction to support the students' participation and progress in the general curriculum. Behavior intervention plans are individualized to meet the needs of each student. Students are integrated into general education classrooms whenever possible.

HEARING IMPAIRED PROGRAM (HI)
This program serves students who are Deaf or Hard of Hearing. Total communication is the primary communication system used for instruction. Total communication is also often used where visual supports are paired with audio supports for instruction. Students participate in the general education curriculum, paired with self-contained electives, with the support of sign language interpreters when needed.

ALTERNATIVE CURRICULUM PROGRAM
This program serves students with multiple disabilities in an environment that supports students' medical and sensory needs. The instructional program addresses the cognitive, communication, community, motor, self-help, social skills, and prevocational domains. Opportunities are provided to participate in activities with non-disabled peers.

WORK BASED LEARNING PROGRAMS
Work-based experiences foster adult employment success for all youth, particularly for those with disabilities. Exposing youth with disabilities to work-based experiences helps them in identifying their career interests and building self-confidence. In addition, it provides an opportunity for them to learn about workplace culture and expectations and to make what they are learning in school more meaningful through real-world applications. There are three offerings under work-based learning: WORK AWARENESS, WORK BASED LEARNING, and WORK EXPERIENCE.
AFFECTIVE SKILLS 090751/090752
This course addresses social skills that can be incorporated into the students daily living. A practical approach with group discussion and classroom participation is emphasized. Students are encouraged to explore problem solving skills, decision making skills, and skills for independence. Communication and positive self-esteem is fostered.
Prerequisite: BSP Placement
Duration: 1 year Credit: 1 credit per semester Grade Level: 9, 10, 11, 12

ADVANCED LEARNING SKILLS 090701/090702
This course provides one to one instruction to help students develop study skills, complete assignments and maintain passing grades.
Prerequisite: Hearing Impaired Program
Duration: 1 year Credit: 1 credit per semester Grade Level: 9, 10, 11, 12

READING S 1-2 090321/090322
This course emphasizes word recognition, comprehension, reading experience, and vocabulary development. The reading program is based on the identified individual needs of students.
Prerequisite: Special Education Placement
Duration: 1 year Credit: 1 credit per semester Grade Level: 9, 10, 11, 12

DAILY LIVING/LIFE SKILLS 090722
This Special Education course is for students in the Alternate Curriculum Program only. This course emphasizes skills needed to live and work in society as an adult. Topics covered include post-secondary education, employment, living arrangements, living skills, personal management, recreation/leisure activities, community access/transportation, medical services, legal services, and personal family relations. Students are encouraged to begin implementing their own transition plan for life after high school.
Prerequisite: Special Education (ACP) Placement
Duration: 1 year Credit: 1 credit per semester Grade Level: 9, 10, 11, 12

PERSONAL HEALTH & SAFETY 090721
This Special Education course is for students in the Alternate Curriculum Program only. The course emphasizes skills in the social emotional domain. Topics covered include self-protection, safety habits, personal hygiene/care, parts of the body, decision-making, family, self-esteem, feelings, peer relationships, health and human growth and development.
Prerequisite: Special Education (ACP) Placement
Duration: 1 year Credit: 1 credit per semester Grade Level: 9, 10, 11, 12

WORK AWARENESS 090911/090912
This Special Education course is for students in the Alternate Curriculum Program only. This course provides the students with exposure to the world of work. Students attend a work site in small groups accompanied by the teacher or para and receive guided instruction in the performance of basic work skills, social skills appropriate to the work setting and following instructions. This experience is intended to help students to develop an awareness of the many facets of work and help them gain an understanding of the expectations at a work site.
Prerequisite: Special Education (ACP) Placement
Duration: 1 year Credit: 1 credit per semester Grade Level: 10, 11

WORK – BASED LEARNING: TRAINING 100071/100072
This course is for work-based learning opportunities for which there is no pay and occur during the school day. This course is under the supervision of a work-based learning teacher.
Prerequisite: Special Education Placement
Duration: 1 year Credit: 2 credits per semester Grade Level: 10, 11, 12

WORK EXPERIENCE: ON-THE-JOB-PLACEMENT 100021/100022
Elective class for Resource with the possibility of earning up to 3 credits per semester. Job must be verified by Work-Based Learning teacher. Student needs to complete an application. After application is turned in to WBL teacher and IEP and change of placement is completed and WBL teacher communicates with counselor to add to schedule. Students meet weekly with WBL teacher to record hours and complete employer evaluations. Student must be 16 years old or junior class standing.
Prerequisite: Special Education (ACP or Resource) Placement
Duration: 1 year Credit: up to 3 credits per semester Grade Level: 10, 11, 12
### MATHEMATICS 9S 1-2 091041/091042

Students will communicate number concepts using multiple representations to reason, solve problems, and make connections within mathematics and across disciplines. This includes number sense, algebra, geometry, and data. This aligns with College and Career Ready, Math, Standards including the Extended Indicators. Students participate in the Nebraska Alternate Assessment.

**Prerequisite:** Special Education (ACP) Placement

**Duration:** 1 year

**Credit:** 1 credit per semester

**Grade Level:** 9, 10, 11, 12

### PERSONAL FINANCE 12S 091638

The course focuses on Personal Finance concepts. Students participate in the Nebraska Alternate Assessment.

**Prerequisite:** Special Education (ACP) Placement

**Duration:** 1 year

**Credit:** 1 credit per semester

**Grade Level:** 9, 10, 11, 12
World Languages

Note: Most College Entrance Requirements ask for 2-3 years of credit in one World Language.

OPS Graduation Requirements:
All Students Must Complete 16 Elective Credits

Students May Choose To Take Courses Below for Elective Credit:

**French**
- French 1-2
- French 3-4
- Honors French 5-6
- Honors French 7-8
- AP French Language and Culture 1-2

**Spanish**
- Spanish 1-2
- Spanish 3-4
- Honors Spanish 5-6
- Honors Spanish 7-8

**Chinese**
- Chinese 1-2
- Chinese 3-4
- Honors Chinese 5-6
- Honors Chinese 7-8

Spanish for Spanish Speakers or Heritage Speakers
*Dual Language Students

- Spanish for Spanish Speakers 1-2
- Spanish for Spanish Speakers 3-4
- Spanish for Spanish Speakers 5-6

- AP Spanish Literature and Culture 1-2
- AP Spanish Language and Culture 1-2

Spanish Speaker refers to students who understand and speak some Spanish, but have limited writing or reading skills in Spanish.

Heritage Speaker refers to students who have grown up in a Spanish speaking environment.

For questions about World Language offerings, please contact Laura.Gaunt@ops.org
WORLD LANGUAGES

Classes marked with an ** may be eligible for Dual Enrollment at Omaha area colleges.

Ninth graders scoring below grade level in STARS Reading Test and/or below the 35 percentile for CAT Reading Test must have permission from the Principal to take a World Language course.

**CHINESE 1-2**
**FRENCH 1-2**
**SPANISH 1-2**

This course in World Languages at the first-year level stresses interpretive, presentational, and interpersonal communication abilities to develop survival skills in the target language. Students become aware of the personal and economic opportunities that knowing a second language will bring them and how that knowledge will enable them to function better both in the United States and globally. They also begin to develop an awareness and appreciation of the various cultures associated with that language as well as the impact these cultures have made on their own community, country, and world.

*Prerequisite:* Chinese, French, German, Spanish: None
*Duration:* 1 year
*Credit:* 1 credit per semester
*Grade Level:* 9, 10, 11, 12

**CHINESE 3-4**
**FRENCH 3-4**
**SPANISH 3-4**

This course in World Languages at the second-year level is a continuation and expansion of the principles and concepts of the first year. Students continue to work extensively with interpretive, presentational, and communication skills while also delving more extensively into language structure, reading for information and general composition. Students continue to develop an awareness and appreciation of the various cultures associated with that language as well as the impact these cultures have made on their own community, country, and world.

*Prerequisite:* Successful completion of previous course in the sequence with a grade of a “D” or higher or teacher recommendation.
*Duration:* 1 year
*Credit:* 1 credit per semester
*Grade Level:* 9, 10, 11, 12

**HONORS CHINESE 5-6**
**HONORS FRENCH 5-6**
**HONORS SPANISH 5-6**

This third-year level World Languages course, designated as Honors classes, emphasizes using the target language, authentic materials, and technology throughout instruction. Students are required to use the language to a greater extent in increasingly complex interpretive, presentational, and interpersonal communication skills. Students will explore a variety of fiction and non-fiction genres in the target language. Students are expected to write coherent paragraphs, short stories, and outlines. Cultural projects are to be carried out in the target language. Students continue to develop an awareness and appreciation of the various cultures associated with that language as well as the impact these cultures have made on their own community, country, and world.

*Prerequisites:* Successful completion of previous course in the sequence with a grade of a “C” or higher or teacher recommendation.
*Duration:* 1 year
*Credit:* 1 credit per semester
*Grade Level:* 9, 10, 11, 12
This course in World Languages at the fourth-year level will often center on discussions and reports. Students interpretive, presentational, and interpersonal communication skills become more advanced in order to develop the student’s ability to produce the language in more complicated forms. Reading will move to comparatively complex forms of authentic materials, readings, and literature. The study of cultures, art, music, poetry, and literature continues to be stressed. Students continue to develop an awareness and appreciation of the various cultures associated with that language as well as the impact these cultures have made on their own community, country, and world.

Prerequisites: Successful completion of previous course in the sequence with a grade of a “C” or higher or teacher recommendation.

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 11, 12

AP FRENCH LANGUAGE AND CULTURE 160381/160382

The AP French Language and Culture course emphasizes communication (understanding and being understood by others) by applying interpersonal, interpretive, and presentational skills in real-life situations. This includes vocabulary usage, language control, communication strategies, and cultural awareness. The AP French Language and Culture course strives not to overemphasize grammatical accuracy at the expense of communication. To best facilitate the student of language and culture, the course is taught almost exclusively in French. The AP French Language and Culture course engages students in an exploration of culture in both contemporary and historical contexts. The course develops students’ awareness and appreciation of cultural products (e.g., tools, books, music, laws, conventions, institutions); practices (patterns of social interactions within a culture); and perspectives (values, attitudes, and assumptions). All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: A grade of “B” or better in Honors French 7-8 or teacher recommendation.

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 12

AP SPANISH LANGUAGE AND CULTURE 160581/160582

The AP Spanish Language and Culture course emphasizes communication (understanding and being understood by others) by applying interpersonal, interpretive, and presentational skills in real-life situations. This includes vocabulary usage, language control, communication strategies, and cultural awareness. The AP Spanish Language and Culture course strives not to overemphasize grammatical accuracy at the expense of communication. To best facilitate the student of language and culture, the course is taught almost exclusively in Spanish the AP Spanish Language and Culture course engages students in an exploration of culture in both contemporary and historical contexts. The course develops students’ awareness and appreciation of cultural products (e.g., tools, books, music, laws, conventions, institutions); practices (patterns of social interactions within a culture); and perspectives (values, attitudes, and assumptions). All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: A grade of “B” or better in Honors Spanish 7-8 and teacher recommendation.

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 12

AP SPANISH LITERATURE 161121/161122

The AP Spanish Literature and Culture course uses a thematic approach to introduce students to representative texts (short stories, novels, poetry, and essays) from Peninsular Spanish, Latin American, and United States Hispanic literature. Students develop proficiencies across the full range of communication modes (interpersonal, presentational, and interpretive), thereby honing their critical reading and analytical writing skills. Literature is examined within the context of its time and place, as students reflect on the many voices and cultures present in the required readings. The course also includes a strong focus on cultural connections and comparisons, including exploration of various media (e.g., art, film, articles, literary criticism). All students enrolled in an AP course are required to take either the College Board AP exam in May or an AP Alternative Assessment that has been approved by the Omaha Public Schools. Both exams are cumulative and cover the content of the AP curriculum.

Prerequisites: Teacher permission.

Duration: 1 year  Credit: 1 credit per semester  Grade Level: 10, 11, 12
SPANISH FOR SPANISH SPEAKERS 1-2  
160851/160852

This course is designed for students who speak Spanish fluently but have difficulty reading and writing the language. Most of these students feel more comfortable reading and writing in English. Students will develop basic Spanish literacy skills along with gaining a deeper knowledge of the culture, history, and literature of the Spanish language. The course is taught in Spanish.

Prerequisite: Spanish for Spanish Speakers 1: Must speak Spanish fluently. Spanish for Spanish Speakers 2: Successful completion of previous course in the sequence with a grade of a "C" or higher and/or teacher recommendation. Dual Language students who have C in 8th grade Spanish can enroll in Spanish for Spanish Speakers 3-4.

Duration: 1 year  
Credit: 1 credit per semester  
Grade Level: 9, 10, 11, 12

HONORS SPANISH FOR SPANISH SPEAKERS 3-4  
160861/160862

This course is designed for fluent Spanish speakers with above basic Spanish skills in reading and writing. It focuses on honing academic Spanish skills in listening and speaking while continuing to focus on reading and writing skills. Students will gain deeper knowledge of Hispanic cultures, histories and literature through this class.

Prerequisites: Successful completion of previous course in the sequence with a grade of a "C" or higher.

Duration: 1 year  
Credit: 1 credit per semester  
Grade Level: 9, 10, 11, 12

HONORS SPANISH FOR SPANISH SPEAKERS 5-6  
160871/160872

This course is a continuation of Honors Spanish for Spanish Speakers 3-4 and is designed for students with above average Spanish literacy skills. It focuses on honing academic Spanish skills in listening and speaking while continuing to focus on reading and writing skills. Students will gain deeper knowledge of Hispanic cultures, histories and literature through this class. Students are strongly encouraged to take this course to prepare for AP Spanish Language and/or Literature.

Prerequisites: Teacher permission.

Duration: 1 year  
Credit: 1 credit per semester  
Grade Level: 10, 11, 12

Connecting Today’s Students With Tomorrow’s Careers

2021-22 Enrollment
11 Pathways in High Demand, High Wage, and High Skill careers

Automotive Technology
(10, 11, 12) 2 Credits/Semester
- Work on domestic and foreign cars and trucks in a high-precision industry
- Use the same advanced diagnostic and hand tool equipment as industry professionals to troubleshoot complex automotive systems.
- Maintain, repair, and fine-tune a wide range of vehicle engine performance alongside ASE technicians.

Automotive Collision Repair
(10, 11, 12) 2 Credits/Semester
- Develop skills and techniques used by professional in assembly, disassembly and non-structural repair.
- Repair, remove and replace auto body parts.
- Professionally apply undercoat, paint and topcoat to create a professional finish.

Construction
(10, 11, 12) 2 Credits/Semester
- Operate a wide range of hand and power tools for residential and commercial projects.
- Develop important hands-on skills in the areas of estimating, framing, interior and exterior work.
- Work alongside professional mentors from architecture, construction and engineering fields.

Electrical Systems Technology
(10, 11, 12) 2 Credits/Semester
- Advance with industry recognized skills through the Omaha Joint Electrical Apprenticeship and Training Committee program.
- Install electrical fixtures according to blueprints and schematics.
- Gain industry recognized skills from residential and commercial wiring projects and internship.

Welding
(10, 11, 12) 2 Credits/Semester
- Apply multiple welding techniques to join, cut or manipulate metal.
- Develop a wide variety of techniques for high-wage, high demand careers.
- Experience hands-on instruction to enhance critical thinking and problem solving skills.

Core/Academic Courses
(10, 11, 12) 1 Credits/Semester
- Experience contextualized core academic courses in English, Math, and others!

Certified Nursing Assistant
(Must be 18 by course completion)
(10, 11, 12) 2 Credits/Semester
- Prepare for a high demand career field by completing the requirements for the State of Nebraska Certified Nursing Assistant Certification.
- Obtain skills though immersion in multiple aspects of the art and science of healthcare.
- Work alongside experienced registered nurses in a

Emergency Medical Technician
(Must be 18 by course completion)
(10, 11, 12) 2 Credits/Semester
- Attain essential life saving techniques critical for a career in emergency medicine.
- Complete the requirements for the national registry EMT license.
- Assess, stabilize, and transport patients during clinical experiences with certified professionals.

Information Support & Networking
(10, 11, 12) 2 Credits/Semester
- Prepare for a career in the diverse field of information technology.
- Earn CompTIA A+, Network + Security + Certifications
- Troubleshoot, diagnose and repair personal computers, networks and security apparatus.

Digital Video Production
(10, 11, 12) 2 Credits/Semester
- Operate specialized equipment to create professional video and film productions.
- Showcase skills in multiple video, film, and broadcast news competitions.

UNMC High School Alliance
(11, 12) 2 Credits/Semester
- Experience unique and innovative science classes that are taught in partnership by UNMC faculty and certified high school teacher on the UNMC campus.
- Access UNMC High School Alliance Application at https://www.unmc.edu/alliance/

Zoo Academy
(11, 12) 2 Credits/Semester
- Experience unique and innovative science classes that are taught in partnership by certified high school teachers on the Henry Doorly Zoo campus. (Nov. 2020 due date)
- Access Zoo Academy Application at https://www.omahazoo.com/zooacademy
Dual Enrollment Program

What is Dual Enrollment?

Dual Enrollment provides high school students the opportunity to take college-credit bearing courses taught by college-approved high school teachers in the student’s home high school building. The term ‘Dual Enrollment’ means a program offered by a partnership between at least one institution of higher education and at least one local educational agency through which a secondary school student who has not graduated from high school with a regular high school diploma is able to enroll in one or more postsecondary courses and earn postsecondary credit that—

(A) is transferable to the institutions of higher education in the partnership; &
(B) applies toward completion of a degree or recognized educational credential as described in the Higher Education Act.

Students gain exposure to the academic challenges of college while in their supportive high school environment, earning transcribed college credit at the time they successfully pass the course. Essentially, dual enrollment prepares students for success in college and careers by increasing access to higher education, lowering the cost of college, and shortening student time to earning a degree or certification.

Dual Enrollment is currently offered in OPS through two primary programs:

1) Advanced Placement (AP)
2) Career Education (CE).

Dual Enrollment Benefits.

**Reduced Tuition Cost.** Participating students have a reduced tuition rate or may qualify for FREE tuition through a scholarship program authorized by the Nebraska State Legislature.

MCC: $50 per course.
UNO: $250 per course.
Midland U: $250 per course
*Tuition Costs are determined by the postsecondary institution.

The Omaha Public Schools District provides the textbook and all course materials necessary for completion of the dual enrollment course. Tuition payment is the responsibility of the student. If a student qualifies for federal needs-based programs, they may be eligible for FREE tuition. The ACE scholarship program pays mandatory tuition fees for qualified high schools students to enroll in dual enrollment courses. The basic criteria for high school students to qualify for the ACE scholarship is their eligibility status to receive assistance under a variety of federal programs, most notably the free and reduced lunch program. Students must work with a building official or counselor to complete the online ACE application. More information on ACE can be found at [http://ccpe.state.ne.us/publicdoc/ccpe/Financial%20Aid/ACE](http://ccpe.state.ne.us/publicdoc/ccpe/Financial%20Aid/ACE).

**Credits Transfer.** Students begin creating an official college transcript with participation in a dual enrollment course. College institutions determine the transferability of credit, but typically credits transfer as follows:

**AP Courses:** transfer as general education requirements in either humanities, social sciences, natural sciences, or mathematics to 4-year/2-year institutions

**CE courses:** transfer as required credits at the issuing institution towards an associate’s degree or certification, or to a similar 2-year institution with like programming, or may transfer as elective credits at 4-year institutions.

Students should request transcripts from any college he/she has earned dual enrollment credit with and provide them to the college/university during the admission process. It is the student’s responsibility to disclose any college credit earned during high school, whether from an AP or CE dual enrollment course, to their college advisor.
Course Audit Guidelines

Auditing a class allows a student to take a class without the benefit of a grade or credit for the class. In some cases, a student may be asked to audit a course because they are entering the class after the 50th day of the semester. There are four qualifications for applying for a Course Audit:

1. Foreign Exchange Students
Foreign exchange students can audit any class.

2. Late Entry
If the student enrolls late, he/she may be given an option to audit a course. This only applies to courses in which the student was not previously enrolled.

3. Enrichment
   - A student voluntarily chooses to take a course without receiving a grade or credit in order to acquire advanced learning.
   - The audit must be approved prior to the first day of class. It cannot be changed to a graded class during that semester.
   - Progress must be re-evaluated and monitored at each grading period.

4. Content Review
An audit can be used for repeating a course, if the original grade in that class is a grade/mark of a “C” or above, (if he/she has passed the 1st semester of a course (with a “C” or above) but he/she has failed the second semester.) The following year, the student may retake the first semester as an audit in preparation for the second semester.
   - A student auditing a course is required to be involved in all classroom activities and to fulfill all course expectations.
   - The student will not receive a grade or credit for the course.
   - A student auditing a course must make the request to the appropriate school official by the identified school drop date without penalty.
   - The student’s transcript will reflect audit (AU) for the grade in the course.
   - The AU is not calculated in the GPA, but will be maintained in course history and on the official transcript.
   - The audit option is available only if space is available.
   - See the next page for a Course Audit Request form.

The following year, the student may retake the first semester as an audit in preparation for the second semester.
Course Placement Appeals

All Secondary Omaha Public Schools offer procedures for appealing course placement (i.e. AP, Honors, IB, etc.). Each building may have specific forms and deadlines; however, the following general procedures shall apply:

Level One: Counselor, Curriculum Specialist, Assistant Principal/Data, or Principal

A student or parent with a course placement appeal may first discuss the matter with the counselor, or building administrator involved, with the object of resolving the matter informally.

Level Two: Chief Academic Officer (Department of Curriculum and Instruction Support)

Suppose the course placement appeal is not resolved at Level One, and the individual still wishes to pursue the appeal. In that case, he/she may formalize the request in writing addressed to the Chief Academic Officer of Curriculum Instruction and Support at 3215 Cuming Street, Omaha, NE 68131.

Level Three: Superintendent

Suppose the appeal is not resolved at Level Two, and the individual still wishes to pursue the appeal. In that case, he/she may formalize the request to the superintendent of schools after receiving a written response from the Chief Academic Officer of Curriculum Instruction and Support.

These steps shall be taken promptly to accommodate the registration of courses for the school year in question.
